200 DEFINITIONS: Unless otherwise defined below, the terms in this rule are defined in Rule 207, TITLE V – FEDERAL OPERATING PERMIT PROGRAM.

201 **CANCELED APPLICATION:** Any application which has been withdrawn by the applicant.

202 **CHANGE OF NAME:** An administrative name change on the permit(s) where no change of ownership and/or location has occurred.

203 **CHANGE OF LOCATION:** Any transfer of an existing permitted source from one location to another not on the same property or facility.

204 **AUTHORITY TO CONSTRUCT FEE:** A fee for each authority to construct based on the type and size of the source.

207 **MODIFICATION:** Any physical change in an existing facility or change in the method of operation which results or may result in either an increase or decrease in emission of any air pollutant subject to district control, or the emission of any such air pollutant not previously emitted. The following shall not be regarded as physical changes or changes in the method of operation:

- 207.1 Routine maintenance, repair or replacement with identical or equivalent equipment;
- 207.2 Increased production rate or increased hours of operation where there is no increase in fixed capital cost, unless such production and hours are limited by permit conditions.

300 STANDARDS

- 301 **AUTHORITY TO CONSTRUCT FEE:** Every applicant for an authority to construct shall pay one half of the estimated initial permit fee in Section 308 of this rule upon filing the application.

301.1 Within 30 days of receipt of an application, the Air Pollution Control Officer may notify the applicant that, due to the complexity of the application, the permit processing fees shall be based on the actual hours spent by the District staff in evaluating the application and verifying equipment compliance. This fee shall be assessed in accordance with the hourly rate established in Section 308.11. The applicant shall deposit with the District the amount estimated by the Air Pollution Control Officer to be charged for processing the authority to construct, which said sum is not to exceed the actual cost of such work. This estimate may include costs associated with planning meetings and/or design evaluations prior to actual submission of a complete application. The deposit shall be required for the following:

- a. Equipment associated with cogeneration projects.
- b. Equipment associated with resource recovery projects.
- c. Equipment associated with landfill projects.
- d. Equipment associated with power plants.
- e. Equipment involving the disposal by incineration, or other thermal process, of hazardous, toxic or infectious waste.
- f. Equipment involving the emission of hazardous or toxic materials.
- g. Equipment which is expected to emit 25 tons, or more, per year of any pollutant, or which is expected to increase the emissions of any pollutant from an existing facility by 25 tons, or more, per year.
- h. Any project for which the evaluation is expected to take 10 hours or more.

The applicant may request a conference with the Air Pollution Control Officer to review the cost estimate. The applicant may propose to provide additional information with the application that would reduce the time spent by the Air Pollution Control Officer in reviewing the application. The Air Pollution Control Officer's cost estimate shall be reduced accordingly.

- 302 **INITIAL PERMIT FEE:** Every applicant for a permit to operate shall pay the initial permit fee in Section 308 of this rule for the issuance of a permit to operate. An applicant for an authority to construct who has paid a portion of the initial permit fee shall be required to pay only the remaining portion for the issuance of a permit to operate.

302.1 When an application for a permit to operate is submitted for equipment that has been operated without a required permit from the District, the applicant shall pay renewal back fees for each year of unpermitted operation, to a maximum of 3 years, in addition to the initial permit fee.

- 303 **PERMIT RENEWAL FEE:** Every holder of a permit to operate shall pay a fee for the annual permit renewal. The permit renewal fee shall be the total of:

303.1 The Permit Renewal Fee indicated by the appropriate schedule of Section 308 of this rule, and

303.2 The calculated fee for the total tons of each pollutant emitted during the prior calendar year as indicated by the following table. The minimum fee shall be that for one ton per year. The total tons of each pollutant shall be the actual emission rounded up to the next whole ton.

Table 303 – 1

Pollutant	Fee Per Ton of Pollutant Emitted During 12-Month Period
Carbon Monoxide (CO)	\$62 for Schedule 6, \$64 for all other schedules

Fees paid under Section 301.1 that are not used prior to an application being withdrawn by the applicant shall be refunded upon request.
- 305 **REVOCATION:** If a permit to operate is revoked, the permit renewal fee applicable to that portion of the year during which the permit is invalid shall not be refunded nor applied to any other application.
- 306 **ALTERATIONS, ADDITIONS, REVISIONS OR CHANGE IN CONDITIONS:**
- 306.1 When an application is filed for a permit involving alterations or additions resulting in a change to any existing equipment for which a permit to operate was granted for such equipment and has not been canceled under Section 401 of this rule, the applicant shall pay a permit fee based on the incremental increase in rating, capacity or increase in the number of nozzles resulting from such change in accordance with the fee schedule in Section 308 of this rule.

The cost of collecting samples, making the analysis and preparing the necessary reports shall be charged against the owner or operator of said source. The Air Pollution Control Officer shall provide the applicant with an estimate of the actual cost of such work. 400 ADMINISTRATIVE REQUIREMENTS

- 401 **NOTIFICATION OF INITIAL PERMIT FEE OR PERMIT RENEWAL FEE DUE:** After the provisions for granting permits as set forth in Division 26 of the Health and Safety Code and these rules and regulations have been complied with or on the renewal date of a permit to operate, the Title V operating permit, or any other action subject to this rule, the applicant/permittee will be notified by mail of the fee due and payable and the date the fee is due. If the fee is not paid by the specified due date, the fee shall be increased by one half the amount and the applicant/permittee shall be notified by mail of the increased fee. If the increased fee is not paid within 30 days after notice the application/permit will be canceled and the applicant/permittee will be notified by mail. A canceled application/permit may be reinstated by payment of the applicable permit fee plus fee increases.
- 402 **NEGOTIATED PAYMENT SCHEDULE:** If a permittee certifies to the Air Pollution Control Officer's satisfaction through declaration that payment in full of permit to operate renewal fees would result in undue financial hardship, the District may negotiate an amended fee payment schedule, provided that the amended schedule includes reimbursing the District for any increased costs of processing the extra payments. Failure to make any payments by any negotiated due date may result in penalties as otherwise authorized in this rule and/or cancellation of the permit.
- 403 **CONSUMER PRICE INDEXING OF FEES:** Except as provided in Section 404, permit fees may be adjusted on an annual basis. If the Air Pollution Control Officer anticipates the need for a change, the adjustment must initially be proposed as part of the annual budget process. The proposed rate change must meet the requirements of the California Health and Safety Code, including Sections 41512.7(b) and 42311(a). The rate change must be noticed as part of the proposed and final budgets. If the Board of Directors approves a fee change with the final budget, the Air Pollution Control Officer may adjust fees by up to the maximum rate approved by the Board.
- 404 **FEE INCREASES:** Fees shall be increased as follows unless the increase would exceed the limitations in California Health and Safety Code Section 42311(a), in which case, the fee increases will be whatever lesser amount is consistent with 42311(a). Section 403 does not apply where there is a percent listed in the table below:
