^aThe Rule 213 fees for fiscal year 2013-2014 shall be the “CPI-Adjusted Fee.” Assuming there are no fee revisions, this fee will be used to calculate future CPI fee increases. For purposes of administrative convenience for fiscal year 2013-2014, the Santa Barbara County Air Pollution Control District (District) will charge the “Fee Rate,” which is the CPI-Adjusted Fee rounded down to the nearest dollar. The District revised the fees in accordance with Rule 213.C. These fees are effective July 1, 2013 and they are based on a California Consumer Price Index increase of 1.7 percent (April 2011 to April 2012). The District calculated the CPI-adjusted fee rates shown in the table by applying the 1.7 percent CPI increase to the fiscal year 2012-2013 CPI-adjusted fee rates and rounding the results down to four decimal places.
