Rule 7.2 Notification of Burning Conditions

- A. A notice as to whether the following day is a permissive-burn day, or a no-burn day, or whether the decision will be announced the following day, shall be provided by the Board at 3:00 p.m. daily. If the decision is made the following day it shall be announced by 7:45 a.m. Such notices shall be based on meteorological criteria for regulating agricultural burning.

Without further request, a daily notice will continue to be issued until a permissive-burn notice is issued.
- D. Notwithstanding Subdivision C of this section, the State Board may cancel permissive-burn notices that have been issued more than 24 hours in advance if the cancellation is necessary to maintain suitable air quality.
- E. A permissive-burn or no-burn advisory outlook will be available up to 72 hours in advance of burns specified in Subdivision C of this section.
