

VENTURA COUNTY AIR POLLUTION CONTROL DISTRICT

RULE 130 - VARIANCE ORDER CONDITIONS

(Adopted 7/6/76, Renumbered 11/21/78)

- A. Any person who has obtained a variance from the Hearing Board shall furnish to the Air Pollution Control District all information necessary to determine if the conditions specified in the variance order, including the schedule of increments of progress, have been met.

- B. Unless specifically authorized by the Hearing Board, no person shall operate an emission source under variance from any section of the Health and Safety Code or any Rule or Regulation of the Air Pollution Control District if the conditions specified in the variance order, including the schedule if increments of progress, are not met.
