

Reporting

Standard Reports

Run from CEFS Menu

Ad Hoc Reports

Run from SQL*Plus

Types of Standard Reports

- Emissions by Major Source Categories
 - Trends across year by pollutant
 - Trends across pollutant by year
- Scenario Comparison
 - Two years side by side
 - Two pollutants side by side

Types of Ad Hoc Reports

- Rule Tracking
 - Benefits by measure
- Growth Profiles
- Control Profiles
- Temporal Profiles

How to Obtain Reports

- Standard Forecast Emission Reports
 - Make Request to CEFS Staff
(Due to system constraints and scenario complexity)
 - Report Provided Electronically and/or Hard Copy
- Ad Hoc Reports
 - District Staff can run growth and control reports
 - Requires some knowledge of SQL*Plus
