

California Energy Commission Opens AB 1613 Rulemaking

The California Energy Commission has instituted a Rulemaking to implement The Waste Heat and Carbon Emissions Reduction Act (Act) pursuant to AB 1613 on December 17, 2009 with Order No. 08-1217-16. The Docket Number is 08-WHCE-1. To meet its requirements under the Act (Blakeslee, Statutes of 2007; Public Utilities Code Chapter 8), the Energy Commission is developing a Combined Heat and Power (CHP) Technical Requirements Guidebook. The Guidebook will detail the performance requirements that a customer-generator must meet to qualify for the purchase of excess electricity from both investor-owned and publically-owned utilities..
