On behalf of the Renewable Energy Marketers Association, I am pleased to submit the following comments for the RES Concept Outline. Please let me know if there are other steps that I should take to adequately file these comments with the ARB.

REMA is eager to engage with the CARB to help craft policy that works for all stakeholders. If you have any questions or comments, or would like to set up a meeting with REMA representatives, please do not hesitate to contact us.

Thank you for your time and consideration.
