INDEPENDENT CONTRACTOR PROGRAM - APPROVALS

Enclosed is a list of private contractors that have been approved to conduct compliance source testing on behalf of the Air Resources Board pursuant to Section 91200-91220, Title 17, California Administrative Code.

The program is designed to approve independent contractors for sources who may choose to have them conduct compliance testing instead of the Air Resources Board. The Air Resources Board does not require that contractors be approved prior to testing in California. Approval is only required by the Board if the contractor wishes to test under this program. In order to obtain approval a contractor is evaluated against standardized criteria. All the contractors which are included on the list had the proper equipment and qualified personnel to conduct the tests listed at the time we evaluated them.

This list is updated and distributed each quarter. If you have any questions or would like information on a specific contractor or test between distributions, please call Ms. Kathryn Gugeler at (916) 323-8410 or Mr. Roye Jackson at (916) 322-6033.
