AMENDED SOURCE TEST METHODS

As you may be aware, the Stationary Source Division recently made changes to the Supplement to the Stationary Source Test Methods. Enclosed is an updated printing of the volume for your use. I have also enclosed a copy of our quality assurance document, for your information.

If you have any questions on the documents themselves, please call Peter Ouchida, Manager, Testing Section, at (916) 322-6019. If you have any questions on how the changes will affect the Independent Contactor program and/or your current approvals, please call Kathryn Gugeler at (916) 323-8410. Also contact Ms. Gugeler if you would like an additional copy of either of the volumes.
