This SETTLEMENT AGREEMENT AND RELEASE (hereinafter "Agreement") is entered into between the STATE OF CALIFORNIA AIR RESOURCES BOARD (hereinafter "ARB") 1001 I Street, Sacramento, California 95814, and 101 Trucking LLC. (hereinafter "101"), 50 Edward Court, Burlingame, CA. 94010.

I. RECITALS

(1) California Health and Safety Code (HSC) section 44011.6 established the Heavy Duty Vehicle Inspection Program (HDVIP). It authorizes ARB to inspect on-road heavy-duty vehicles for excessive smoke emissions and engine tampering and to issue citations, accordingly. The program also requires the vehicle owner to repair its engines that exceed the prescribed ARB smoke opacity standards, perform a post-repair opacity test, and submit proof of repairs and any assessed penalties under the Regulations of the Heavy-Duty Smoke Inspection Program, chapter 3.5, sections 2180-2188, title 13 California Code of Regulations (CCR).

(2) HSC section 43701 provides that ARB shall adopt regulations that require owners or operators of heavy-duty diesel motor vehicles to perform regular inspections of their vehicles for excessive smoke emissions.

(3) Title 13 CCR, section 2190 *et seq.* was adopted under the authority of HSC section 43701 and, with limited exceptions, which are not applicable here, apply to all heavy-duty diesel powered vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California.

(4) Title 13 CCR, section 2190 *et seq.* authorize the Periodic Smoke Inspection Program (PSIP) which requires the owners and operators of California based vehicle fleets of two or more heavy duty diesel motor vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California to conduct annual smoke opacity inspections of their vehicles that are four years older than the model year of the vehicle's engine.

(5) Title 13 CCR, section 2192(a) requires inter alia that the owner of the vehicle "[t]est the vehicle for excessive smoke emissions periodically according to the inspection intervals specified in section 2193(a), (b), and (c)", "[m]easure the smoke emissions for each test…", "[r]ecord the smoke test opacity levels and other required test information as specified in section 2194…" and "[k]eep the records specified in section 2194 for two years after the date of inspection."

(6) HSC section 43016 states, "Any person who violates any provision of this part, or any order, rule, or regulation of the state board adopted pursuant to this part, and for which violation there is not provided in this part any other specific civil penalty or fine, shall be subject to a civil penalty of not to exceed five hundred dollars ($500.00) per vehicle."

(7) The ARB considers testing, measuring, recording, and recordkeeping to be critical components in reducing excessive smoke emissions from these heavy-duty vehicles.

(8) ARB contends 101 failed to test, measure, record, and maintain records of smoke emissions from its fleet of heavy-duty diesel vehicles for years 2011 and 2012 in violation of title 13 CCR, sections 2190 *et seq*.

(9) The ARB, has documented that 101 failed to provide evidence that their vehicles have emission control labels (ECL) attached to the engines of heavy-duty diesel vehicles in its fleet in violation of HSC, section 44011.6, and title 13 CCR section 2183, *et seq*. Civil penalties for violation of the regulation covering emission control labels have been set per title 13 CCR, section 2185 (a)(2)(B) at $300 per vehicle per violation.

(10) In order to resolve these alleged violations, 101 has taken, or agreed to take, the actions enumerated below under "TERMS AND RELEASE". Further, the ARB accepts this Agreement in termination and settlement of this matter.

(11) In consideration of the foregoing, and of the promises and facts set forth herein, the parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed violations, and voluntarily agree to resolve this matter by means of this Agreement. Specifically, the ARB and 101 agree as follows:

II. TERMS AND RELEASE

In consideration of the ARB not filing a legal action against 101 for the alleged violations referred to above, and 101's payment of the penalties set forth in section 1 below, the ARB and 101 agree as follows:

(1) Upon execution of this Agreement, 101 shall pay a civil penalty of $2,925.00. Payment shall be made in check form as described below, and payments shall be made by the due dates as described below beginning on **April 1, 2014.**

SETTLEMENT AGREEMENT AND RELEASE ARB AND 101:

Payment Due Date:		**In the Amount of and Paid to:**
(1)	April 1, 2014	**$731.00** paid to **Peralta Colleges Foundation**
(2)	May 1, 2014	**$2194.00** paid to **Air Pollution Control Fund**

Please submit the signed settlement agreement and checks to:

Mr. Ryman Simangan, Air Pollution Specialist
Air Resources Board, Enforcement Division
P.O. Box 2815
Sacramento, CA 95812

(2) Effect of Untimely Payment. If any payment is more than 15 days late, the entire remaining balance becomes immediately due and payable. In addition, if the Attorney General files a civil action to enforce this settlement agreement, 101 shall pay all costs of investigating and prosecuting the action, including expert fees, reasonable attorney's fees, and costs.

(3) It is agreed that if 101, including its subsidiary or parent company, at any time becomes insolvent, or makes an assignment for the benefit of creditors or similar action adversely involving 101, its subsidiary, or parent company, or a proceeding or petition under any bankruptcy, reorganization, arrangement of debt, insolvency, readjustment of debt, or receivership law or statute is filed by or against 101, its subsidiary, or parent company, or a trustee in bankruptcy, custodian, receiver or agent is appointed or authorized to take charge of any of 101, its subsidiary, or parent company's properties, or if any deposit account or other property of 101, its subsidiary, or parent company be attempted to be obtained or held by writ of execution, garnishment, attachment, condemnation, levy, forfeiture or other legal process, or 101, its subsidiary, or parent company takes any action to authorize any of the foregoing, the entire remaining balance becomes immediately due and payable without notice or demand.

(4) It is further agreed that the penalties described in "Terms and Release", paragraph 1 are punitive in nature, rather than compensatory. Furthermore, the penalty is intended to deter and punish 101 for violations of state environmental statutes, and these penalties are payable to and for the benefit of ARB, a governmental unit. Therefore, it is agreed that these penalties imposed on 101 by ARB arising from the facts described in recital paragraphs (1) – (9) are non-dischargeable under 11 United States Code § 523 (a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty or forfeiture payable to and for benefit of governmental unit, and is not compensation for actual pecuniary loss, other than certain types of tax penalties.

(5) 101 shall not violate HSC sections 43701 *et seq.*, and 44011.6. and title 13 CCR. Section 2190 et seq., 13 CCR section 2183, *et seq* an, or any other provision of law under the jurisdiction of the ARB.

(6) 101 shall not violate the Drayage Truck Regulation, as codified in Title 13, CCR, section 2027.

(7) 101 shall comply with the Truck and Bus regulation as codified in title 13 CCR, section 2025.

(8) 101 shall complete Low NOx Software Upgrades (reflash) on all applicable heavy-duty diesel engines operating in California and report to the ARB within 45 days of this agreement.

(9) Each 1974 or newer diesel powered heavy-duty vehicle in the 101 fleet shall comply with the emission control label (ECL) requirements set forth in the title 13 CCR section 2183(c).

(10) 101 shall instruct all employees who operate diesel-fueled vehicles to comply with the idling regulations set forth in title 13 CCR section 2485, within 45 days of this Agreement.

(11) This Agreement constitutes the entire agreement and understanding between ARB and 101 concerning the subject matter hereof, and supersedes and replaces all prior negotiations and agreements between ARB and 101 concerning the subject matter hereof.

(12) No agreement to modify, amend, extend, supersede, terminate, or discharge this Agreement, or any portion thereof, is valid or enforceable unless it is in writing and signed by all parties to this Agreement.

(13) Severability. Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be invalid or unenforceable, the remainder of this Agreement remains in full force and effect.

(14) This Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice-of-law rules.

(15) This Agreement is deemed to have been drafted equally by the Parties; it will not be interpreted for or against either party on the ground that said party drafted it.

(16) Senate Bill 1402 (Dutton, Chapter 413, statutes of 2010) requires the ARB to provide information on the basis for the penalties it seeks (see Health and Safety Code section 39619.7). This information, which is provided throughout this settlement agreement, is summarized here:

The manner in which the penalty amount was determined, including a per unit or per vehicle penalty.

Penalties must be set at levels sufficient to discourage violations. The penalties in this matter were determined in consideration of all relevant circumstances, including the eight factors specified in HSC sections 42403 and 43024.

PSIP Violations

The per vehicle penalty for the PSIP violations involved in this case is a maximum of $500.00 per vehicle per violation per year. The penalty obtained for the PSIP violations involved in this case is $2,250.00 for 6 violations, or $375.00 per vehicle per violation. The penalty was discounted based on the fact this was a first time violation and the violator made diligent effort to comply and cooperate with the investigation.

ECL Violation

The per vehicle penalty for the labeling violations involved in this case is a maximum of $300.00 per vehicle per violation. The penalty obtained for the ECL violations involved in this case is $675.00 for 3 violations, or $225.00 per vehicle per violation. The penalty was discounted based on the fact this was a first time violation and the violator made diligent effort to comply and cooperate with the investigation.

The provision of law the penalty is being assessed under and why that provision is most appropriate for that violation.

PSIP Violations

The penalty provision being applied to the PSIP violations is HSC section 43016 because 101 failed to test, measure, record, and maintain records of smoke emissions from its fleet of heavy duty diesel vehicles for the years 2011 and 2012 in violation of the PSIP regulation in title 13 CCR sections 2190 *et seq*, for three vehicles. Since the PSIP regulation was adopted pursuant to authority granted in Part 5 of Division 26 of the HSC and since there is no specific penalty or fine provided for PSIP violations in Part 5, HSC section 43016 is the applicable penalty provision.

ECL Violations

The penalty provision being applied to the ECL requirements set forth in title 13 CCR, section 2185(a)(2) because 101 failed to provide evidence that 3 of their vehicles have ECL labels attached as required.

Is the penalty being assessed under a provision of law that prohibits the emission of pollution at a specified level, and, if so a quantification of excess emissions, if it is practicable to do so.

PSIP Violations

The PSIP provisions cited above do prohibit emissions above a specified opacity or level of g/hp-hr. However, since the hours of operation of the non-compliant units involved and their individual emission rate are not known, it is not practicable to quantify the excess emissions.

ECL Violations

The penalty is not being assessed under a provision of law that prohibits the emission of pollution at a specified level.

(17) 101 acknowledges that ARB has complied with Senate Bill 1402 in prosecuting or settling this case. Specifically, ARB has considered all relevant facts, including those listed at HSC section 43024, has explained the manner in which the penalty amount was calculated, has identified the provision of law under which the penalty is being assessed and has considered and determined that this penalty is being assessed under a provision of law that prohibits the emission of pollutants at a specified level.

(18) Penalties were determined based on the unique circumstances of this matter, considered together with the need to remove any economic benefit from noncompliance, the goal of deterring future violations and obtaining swift compliance, the consideration of past penalties in similar cases, and the potential costs and risk associated with litigating these particular violations. Penalties in future cases might be smaller or larger on a per unit basis.

(19) The penalty was based on confidential settlement communications between ARB and 101 that ARB does not retain in the ordinary course of business. The penalty is the product of an arms length negotiation between ARB and 101 and reflects ARB's assessment of the relative strength of its case against 101, the desire to avoid the uncertainty, burden and expense of litigation, obtain swift compliance with the law and remove any unfair advantage that 101 may have secured from its actions.

(20) Now therefore, in consideration of the payment on behalf of 101 to the California Air Pollution Control Fund and the Peralta Community College District, the ARB hereby releases 101 and their principals, officers, directors, receivers, trustees, employees, assignees, subsidiary, parent corporations, agents, predecessors and successors from any and all claims, the ARB may have or have in the future based on the circumstances described in paragraph (1) through (9) of the Recitals. The undersigned represent that they have the authority to enter into this Agreement
