

SETTLEMENT AGREEMENT AND RELEASE

This SETTLEMENT AGREEMENT AND RELEASE (hereinafter "Agreement") is entered into between the STATE OF CALIFORNIA AIR RESOURCES BOARD (hereinafter "ARB") 1001 I Street, Sacramento, California 95814, and Bay Line Tool and Equipment (hereinafter "BLTAE"), 29225 Simms Court, Hayward, California 94544.

I. RECITALS

- (1) The Verification Procedure for In-Use Strategies to Control Emissions from Diesel Engines ("Verification Procedure," 13 CCR §§ 2700-2711) provides in § 2702 that if the Executive Officer of ARB grants verification of a diesel emission control strategy, he or she will issue an Executive Order (EO) to the strategy's applicant identifying the verified emission reduction level and any conditions that must be met for the Diesel Emission Control Strategy (DECS) to function properly. The Verification Procedure itself also places conditions on applicants and diesel emissions control strategies.
- (2) California Vehicle Code section 27156 (VC § 27156) provides that no person shall install, sell, offer for sale, or advertise any device, apparatus, or mechanism intended for use with, or as a part of, any required motor vehicle pollution control device or system which alters or modifies the original design or performance of any such motor vehicle pollution control device or system. An exemption from VC § 27156 is required before any add-on or modified part can be sold in California. Aftermarket parts exemptions are regulated under 13 CCR §§ 1900 et seq., 2030-2031, 2047-2048, 2200-2207 and 2220-2225 (Aftermarket Parts Regulations).
- (3) The Verification Procedure provides in § 2706(i)(3)(G) that no party shall advertise, sell, lease, or offer for sale or lease, a used verified DECS.
- (4) 13 CCR § 2711(b) states that no person shall sell, offer to sell, or introduce into commerce any ARB verified DECS unless all of the conditions of the governing EO and this chapter are met.
- (5) If a DECS or the application it is used in does not meet the conditions specified in the Verification Procedure or the applicable EO, it is a violation of the Verification Procedure, and the DECS is not verified for that application, rendering it an illegal, non-exempt add-on part.
- (6) California Health and Safety Code Sections 39674 (a) and (b) (HSC §§ 39674 (a) and (b)) authorize civil penalties for the violation of the programs for the regulation of toxic air contaminants not to exceed one thousand dollars (\$1,000) or not to exceed ten thousand dollars (\$10,000) respectively, for each day in which the violation occurs. HSC § 43016 provides a penalty of up to \$500 per

SETTLEMENT AGREEMENT AND RELEASE

ARB and BLTAE

Page 2 of 6

unit for violation of the Aftermarket Parts regulations and HSC § 43008.6 provides for penalties of up to \$1,500 per vehicle for violations of VC § 27156.

- (7) ARB Enforcement Division staff, with the cooperation of BLTAE, has alleged certain violations of the Verification Procedure, the Aftermarket Parts Regulations and of VC § 27156 with respect to DECS that does not conform to the conditions specified in the Verification Procedure. In particular, these alleged violations involve sale and offers to sell of a used verified DECS.
- (8) In order to resolve these alleged violations, BLTAE has taken, or agreed to take, the actions enumerated below under "RELEASE". Further, ARB accepts this Agreement in termination and settlement of this matter.
- (9) In consideration of the foregoing, and of the promises and facts set forth herein, the parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed violations, and voluntarily agree to resolve this matter by means of this Agreement. Specifically, ARB and BLTAE agree as follows:

II. TERMS AND RELEASE

In consideration of ARB not filing a legal action against BLTAE for the alleged violations referred to above, and BLTAE's payment of the penalties set forth in Section 1 below, ARB and BLTAE agree as follows:

- (1) Upon execution of this Agreement, the sum of one thousand two hundred dollars (\$1,200.00) shall be paid on behalf of BLTAE no later than January 20, 2015, as follows:
 - \$900.00 to the **Air Pollution Control Fund**
 - \$300.00 to the **Peralta Colleges Foundation**

Please send the signed Settlement Agreement and any future mailings or documents required per the terms of this Settlement Agreement to:

**Mr. Tajinder Gill
Air Resources Engineer
California Air Resources Board
Enforcement Division
9480 Telstar Ave., Suite 4
El Monte, CA 91731**

Sacramento, CA 95812-1436**

- (2) If the Attorney General files a civil action to enforce this settlement agreement, BLTAE shall pay all costs of investigating and prosecuting the action, including expert fees, reasonable attorney's costs, and costs
- (3) It is further agreed that the penalties described in "Terms and Release", paragraph 1 are punitive in nature, rather than compensatory. Furthermore, the penalty is intended to deter and punish BLTAE for violations of state environmental statutes, and these penalties are payable to and for the benefit of ARB, a governmental unit. Therefore, it is agreed that these penalties imposed on BLTAE through by ARB arising from the facts described in recital paragraphs (1) through (7) are non-dischargeable under 11 United States Code § 523 (a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty or forfeiture payable to and for benefit of governmental unit, and is not compensation for actual pecuniary loss, other than certain types of tax penalties.
- (4) BLTAE shall not violate any provision of the VC § 27156.
- (5) BLTAE shall not violate Aftermarket parts exemption procedures established in 13 CCR §§ 1900 et seq., 2030-2031, 2047-2048, 2200-2207 and 2220-2225.
- (6) BLTAE shall not violate the Verification Procedure (13 CCR §§ 2700-2711) or any EO issued by ARB.
- (7) BLTAE shall not advertise, sell, lease, or offer for sale or lease, a used verified DECS pursuant to 13 CCR § 2706(i)(3)(G).
- (8) This Agreement shall apply to and be binding upon BLTAE, and its officers, directors, receivers, trustees, employees, successors and assignees, subsidiary and parent corporations and upon ARB and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Agreement.
- (9) This Agreement constitutes the entire agreement and understanding between ARB and BLTAE concerning the subject matter hereof, and supersedes and replaces all prior negotiations and agreements between ARB and BLTAE concerning the subject matter hereof.

- (10) No agreement to modify, amend, extend, supersede, terminate, or discharge this Agreement, or any portion thereof, is valid or enforceable unless it is in writing and signed by all parties to this Agreement.
- (11) Severability. Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be invalid or unenforceable, the remainder of this Agreement remains in full force and effect.
- (12) This Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice-of-law rules.
- (13) This Agreement is deemed to have been drafted equally by the Parties; it will not be interpreted for or against either party on the ground that said party drafted it.
- (14) Senate Bill 1402 (Dutton, Chapter 413, statutes of 2010) requires ARB to provide information on the basis for the penalties it seeks (HSC § 39619.7). This information, which is provided throughout this settlement agreement, is summarized here:

The manner in which the penalty amount was determined, including a per unit or per vehicle penalty.

Penalties must be set at levels sufficient to discourage violations. The penalties in this matter were determined in consideration of all relevant circumstances, including the eight factors specified in HSC §§42403 and 43024.

The per violation penalty in this case is a maximum of \$1,000 per day for strict liability violations and \$10,000 per day for negligent or intentional violations. The total penalty of \$1,200.00 over an unspecified number of days of violation is \$368.96 for selling one used verified DECS and \$831.04 for offering to sell on four occasions used verified DECS. In this case, the per violation penalty is \$207.76 for each time the used verified DECS was offered for sale. This penalty was calculated by considering all factors specified in HSC §§ 42403 and 43024, including the fact that this is an innocent, first time violation, BLTAE has cooperated with the investigation, and understands and agrees to refrain from offering for sale any used diesel particulate filters.

The provision of law the penalty is being assessed under and why that provision is most appropriate for that violation.

The penalty provisions being applied in this case are HSC §§ 39674, 43016 and 43008.6 because BLTAE failed to comply with the Verification Procedure (13 CCR §§ 2700-2711), which was adopted under authority of HSC § 39600, et seq., the Aftermarket Parts regulations (13 CCR §§ 1900 et seq., 2030-2031, 2047-2048, 2200-2207 and 2220-2225) and the VC § 27156.

Page 5 of 6

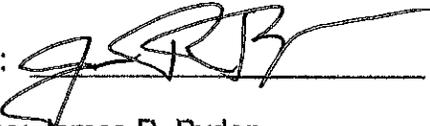

Is the penalty being assessed under a provision of law that prohibits the emission of pollution at a specified level, and, if so a quantification of excess emissions, if it is practicable to do so.

The provisions cited above do prohibit emissions above a specified level. However, since the noncompliant unit was never installed, it is not applicable in this case.

- (15) BLTAE acknowledges that ARB has complied with Senate Bill 1402 in prosecuting or settling this case. Specifically, ARB has considered all relevant facts, including those listed at HSC § 43024, has explained the manner in which the penalty amount was calculated, has identified the provision of law under which the penalty is being assessed and has considered and determined that this penalty is being assessed under a provision of law that prohibits the emission of pollutants at a specified level.
- (16) Penalties were determined based on the unique circumstances of this matter, considered together with the need to remove any economic benefit from noncompliance, the goal of deterring future violations and obtaining swift compliance, the consideration of past penalties in similar cases, and the potential costs and risk associated with litigating these particular violations. Penalties in future cases might be smaller or larger on a per unit basis.
- (17) The penalty was based on confidential settlement communications between ARB and BLTAE that ARB does not retain in the ordinary course of business. The penalty is the product of an arms length negotiation between ARB and BLTAE and reflects ARB's assessment of the relative strength of its case against BLTAE, the desire to avoid the uncertainty, burden and expense of litigation, obtain swift compliance with the law and remove any unfair advantage that BLTAE may have secured from its actions.
- (18) Now therefore, in consideration of the payment on behalf of BLTAE to the Air Pollution Control Fund and the Peralta Colleges Foundation, ARB hereby releases BLTAE and their principals, officers, agents, predecessors and successors from any and all claims, ARB may have or have in the future based on the circumstances described in paragraph (1) through (7) of the Recitals. The undersigned represent that they have the authority to enter into this Agreement.
