

SETTLEMENT AGREEMENT AND RELEASE

This SETTLEMENT AGREEMENT AND RELEASE (hereinafter "Agreement") is entered into between the STATE OF CALIFORNIA AIR RESOURCES BOARD (hereinafter "ARB") 1001 I Street, Sacramento, California 95814, and MRM INTERNATIONAL FREIGHT SERVICES INC. (hereinafter "MRM INTERNATIONAL"), 358 Corte Goleta, Chula Vista, California 91914.

I. RECITALS

- (1) California Health and Safety Code section 44011.6 (HSC § 44011.6) established the Heavy-Duty Vehicle Inspection Program (HDVIP). It authorizes ARB to inspect on-road heavy-duty vehicles for excessive smoke emissions and engine tampering and to issue citations accordingly. The program also requires the vehicle owner to repair its engines that exceed the prescribed ARB smoke opacity standards, perform a post-repair opacity test, and submit proof of repairs and any assessed penalties under the regulations of the HDVIP, chapter 3.5, California Code of Regulations, title 13, sections 2180-2188 (13 CCR §§ 2180-2188).
- (2) HSC § 43701 provides that ARB shall adopt regulations that require owners or operators of heavy-duty diesel motor vehicles to perform regular inspections of their vehicles for excessive smoke emissions.
- (3) 13 CCR § 2190 *et seq.* were adopted under the authority of HSC § 43701 and, with limited exceptions, which are not applicable here, apply to all heavy-duty diesel powered vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California.
- (4) 13 CCR § 2190 *et seq.* authorize the Periodic Smoke Inspection Program (PSIP) which requires the owners and operators of California based vehicle fleets of two or more heavy-duty diesel motor vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California to conduct annual smoke opacity inspections of their vehicles equipped with engines that are four years old or older.
- (5) 13 CCR § 2192(a) requires inter alia that the owner of the vehicle "[t]est the vehicle for excessive smoke emissions periodically according to the inspection intervals specified in section 2193(a), (b), and (c)", "[m]easure the smoke emissions for each test...", "[r]ecord the smoke test opacity levels and other required test information as specified in section 2194..." and "[k]eep the records specified in section 2194 for two years after the date of inspection."
- (6) HSC § 43016 states, "Any person who violates any provision of this part, or any order, rule, or regulation of the state board adopted pursuant to this part, and for which there is not provided in this part any other specific civil penalty or fine, shall

SETTLEMENT AGREEMENT AND RELEASE
ARB and MRM INTERNATIONAL FREIGHT SERVICES INC.

Page 2 of 11

be subject to a civil penalty of not to exceed five hundred dollars (\$500.00) per vehicle.”

- (7) ARB considers testing, measuring, recording, and recordkeeping to be critical components in reducing excessive smoke emissions from these heavy-duty vehicles.
- (8) ARB contends MRM INTERNATIONAL failed to test, measure, record, and maintain records of smoke emissions for its fleet of heavy-duty diesel vehicles for year 2016 in violation of 13 CCR § 2190 *et seq.*
- (9) MRM INTERNATIONAL has 3 outstanding citations, as noted in the table below:

Citation Number	Violation Type	Issue Date
STB052615011JW	TB	5/26/2015
STB021816001RB	TB	2/18/2016
STB070516002JA	TB	7/5/2016

- (10) HSC §§ 39650-39675 mandate the reduction of the emissions of substances that have been determined to be toxic air contaminants. In 1998, following an exhaustive ten-year scientific assessment process, ARB identified particulate matter (PM) from diesel-fueled engines as a toxic air contaminant. In-use on-road diesel vehicles are powered by diesel fueled engines that emit toxic PM. On-road vehicles are controlled under the Truck and Bus regulation, as codified in 13 CCR § 2025.
- (11) 13 CCR § 2025(e)(1)(B) states: “Starting January 1, 2012, for all vehicles with GVWR greater than 26,000 lbs, excluding school buses, fleets must meet the requirements of 13 CCR § 2025(g) or fleets that report may instead comply with the phase-in option of 13 CCR § 2025(i).”
- (12) Failure to comply with the requirements of 13 CCR § 2025 is a violation of state law resulting in penalties. HSC §§ 39674(a) and (b) authorize civil penalties for the violation of the programs for the regulation of toxic air contaminants not to exceed one thousand dollars (\$1,000.00) or ten thousand dollars (\$10,000.00), respectively, for each day in which the violation occurs.
- (13) MRM INTERNATIONAL has elected to meet the requirements of the Engine Model Year Compliance Schedule provided for in 13 CCR § 2025(g).
- (14) 13 CCR § 2025(g) requires that owners of diesel vehicles with a GVWR greater than 26,000 lbs. (heavier vehicles) meet PM Best Available Control Technology (BACT) requirements for all 1996 through 1999 model year engines by January 1, 2012, all 2000 through 2004 model year engines by January 1, 2013, and

upgrade to a 2010 model year emissions equivalent engine for all 1993 and older model year engines by January 1, 2015.

- (15) ARB has documented that MRM INTERNATIONAL failed to meet PM BACT requirements for all 1996 through 1999 model year engines by January 1, 2012, all 2000 through 2004 model year engines by January 1, 2013, and failed to upgrade to a 2010 model year emissions equivalent engine for all 1993 and older model year engines by January 1, 2015.
- (16) 13 CCR § 2025(w), Disclosure of Regulation Applicability, requires that any person residing in California selling a vehicle with an engine subject to this regulation provide the specified disclosure in writing to the buyer on the bill of sale, sales contract addendum, or invoice.
- (17) ARB has documented that MRM INTERNATIONAL failed to include the Disclosure of Regulation Applicability on the bill of sales, contract addendums, or invoices, in violation of 13 CCR § 2025(w).
- (18) In order to resolve these alleged violations, MRM INTERNATIONAL has taken, or agreed to take, the actions enumerated below under "TERMS AND RELEASE". Further, ARB accepts this Agreement in termination and settlement of this matter.
- (19) In consideration of the foregoing, and of the promises and facts set forth herein, the parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed violations, and voluntarily agree to resolve this matter by means of this Agreement. Specifically, ARB and MRM INTERNATIONAL agree as follows:

II. TERMS AND RELEASE

In consideration of ARB not filing a legal action against MRM INTERNATIONAL for the alleged violations referred to above, and MRM INTERNATIONAL's payment of the penalties set forth in Section 1 below, ARB and MRM INTERNATIONAL agree as follows:

- (1) Upon execution of this Agreement, MRM INTERNATIONAL shall pay a civil penalty of \$45,300.00. Payment shall be made in 12 payments as described below, beginning on **May 12, 2017**.

Payment Due Date:	In the Amount of and Payable to:
May 12, 2017	\$3,775.00 the San Joaquin Valley Air Pollution Control District "School Bus SEP"
June 12, 2017	\$3,775.00 the San Joaquin Valley Air Pollution Control District "School Bus SEP"
July 12, 2017	\$3,775.00 the San Joaquin Valley Air Pollution Control District "School Bus SEP"
August, 14, 2017	\$3,775.00 the San Joaquin Valley Air Pollution Control District "School Bus SEP"
September 12, 2017	\$3,775.00 the San Joaquin Valley Air Pollution Control District "School Bus SEP"
October 12, 2017	\$3,775.00 the San Joaquin Valley Air Pollution Control District "School Bus SEP"
November 13, 2017	\$3,775.00 the Air Pollution Control Fund
December 12, 2017	\$3,775.00 the Air Pollution Control Fund
January 12, 2018	\$3,775.00 the Air Pollution Control Fund
February 12, 2018	\$3,775.00 the Air Pollution Control Fund
March 12, 2018	\$3,775.00 the Air Pollution Control Fund
April 12, 2018	\$3,775.00 the Air Pollution Control Fund

Please send the signed Settlement Agreement and any future mailings or documents required per the terms of this Settlement Agreement to:

Mr. Ryman Simangan
 Air Pollution Specialist
 California Air Resources Board
 Enforcement Division
 P.O. Box 2815
 Sacramento, California 95812

Please submit each payment by the applicable payment due date along with the corresponding "Settlement Agreement Payment Transmittal Form" (Attachment A) to:

California Air Resources Board
 Accounting Office
 P.O. Box 1436
 Sacramento, California 95812-1436

- (2) Effect of Untimely Payment. If any payment is more than 15 days late, the entire remaining balance becomes immediately due and payable. In addition, if the Attorney General files a civil action to enforce this settlement agreement, MRM INTERNATIONAL shall pay all costs of investigating and prosecuting the action, including expert fees, reasonable attorney's fees, and costs.
- (3) It is agreed that if MRM INTERNATIONAL, including its subsidiary or parent company, at any time becomes insolvent, or makes an assignment for the benefit of creditors or similar action adversely involving MRM INTERNATIONAL, its subsidiary, or parent company, or a proceeding or petition under any bankruptcy, reorganization, arrangement of debt, insolvency, readjustment of debt, or receivership law or statute is filed by or against MRM INTERNATIONAL, its subsidiary, or parent company, or a trustee in bankruptcy, custodian, receiver or agent is appointed or authorized to take charge of any of MRM INTERNATIONAL's, its subsidiary, or parent company's properties, or if any deposit account or other property of MRM INTERNATIONAL, its subsidiary, or parent company be attempted to be obtained or held by writ of execution, garnishment, attachment, condemnation, levy, forfeiture or other legal process, or MRM INTERNATIONAL, its subsidiary, or parent company takes any action to authorize any of the foregoing, the entire remaining balance becomes immediately due and payable without notice or demand.
- (4) It is further agreed that the penalties described in "Terms and Release", paragraph 1 are punitive in nature, rather than compensatory. Furthermore, the penalty is intended to deter and punish MRM INTERNATIONAL for violations of state environmental statutes, and these penalties are payable to and for the benefit of ARB, a governmental unit. Therefore, it is agreed that these penalties imposed on MRM INTERNATIONAL by ARB arising from the facts described in recital paragraphs (1) through (18) are non-dischargeable under 11 United States Code § 523 (a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty or forfeiture payable to and for benefit of governmental unit, and is not compensation for actual pecuniary loss, other than certain types of tax penalties.
- (5) MRM INTERNATIONAL shall not violate HSC §§ 43701 *et seq.*, 44011.6 *et seq.*, and 13 CCR §§ 2180 *et seq.*, 2190 *et seq.*, and 2485 *et seq.*

- (6) MRM INTERNATIONAL shall comply with one or both of the following options to attend the California Council on Diesel Education and Technology (CCDET I) class, (SAE J1667 Snap Acceleration Smoke Test Procedure for Heavy-Duty Diesel Powered Vehicles) as described on the CCDET webpage, ccdet.org. This class is conducted by various California Community Colleges and instructs attendees on compliance with the PSIP, the ECL regulation and the HDVIP.
- (a) MRM INTERNATIONAL shall have the fleet maintenance manager (or equivalent) and all staff performing opacity tests for compliance with PSIP and the HDVIP attend the CCDET I class. Proof of CCDET I completion shall be provided to ARB within six months of the date of this Agreement and be maintained in each applicable employee's file for the term of his or her employment.
 - (b) If MRM INTERNATIONAL uses a contractor to perform the annual smoke opacity testing required under the PSIP, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET I course, MRM INTERNATIONAL shall obtain proof that the contractor's staff conducting the smoke opacity tests completed the CCDET I course within the past four years. This proof of CCDET I completion shall be provided to ARB with PSIP records as required by this Agreement and be maintained with the annual PSIP records.
- (7) MRM INTERNATIONAL shall comply with the following options to attend the CCDET II class (Diesel Exhaust After Treatment and Maintenance), described on the CCDET webpage, ccdet.org. This class is conducted by various California Community Colleges and instructs attendees on California's emission regulations and the proper care and maintenance of diesel exhaust after-treatment systems (DEATS).
- (a) MRM INTERNATIONAL shall have the fleet maintenance manager (or equivalent) and all staff responsible for maintenance of DEATS attend the CCDET II class. Proof of CCDET II completion shall be provided to ARB within six months of the date of this Agreement and also be maintained in each applicable employee's file for the term of his or her employment.
 - (b) In case MRM INTERNATIONAL uses a contractor for the maintenance of DEATS, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET II course, MRM INTERNATIONAL shall obtain proof that the contractor's staff maintaining the DEATS device(s) completed the CCDET II course within the last four years. This proof of the CCDET II completion shall be provided by MRM INTERNATIONAL to ARB within six months of the date of this settlement and be maintained with the DEATS installation and maintenance records.
 - (c) In case MRM INTERNATIONAL is unable to find a CCDET II certified contractor within a radius of 25 miles from its yard for the maintenance of

DEATS, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET II course, MRM INTERNATIONAL shall contract only with the authorized verified diesel emission control strategy installer(s) or original equipment manufacturer distributor(s) for the maintenance of DEATS. The proof of the CCDET II completion for the fleet maintenance manager (or equivalent) shall be provided by MRM INTERNATIONAL to ARB within six months of the date of this settlement and be maintained with the DEATS installation and maintenance records.

- (8) MRM INTERNATIONAL shall submit copies of all PSIP compliance records for the years 2017 and 2018 to ARB by January 31 of the following year. **Copies shall be addressed to the attention of Mr. Ryman Simangan at the California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, California 95812.** ARB reserves the right to visit any MRM INTERNATIONAL fleet location at any time to conduct compliance audits for the HDVIP and PSIP, or any other applicable ARB program.
- (9) MRM INTERNATIONAL shall complete Low NOx Software Upgrades (reflash) on all applicable heavy-duty diesel engines operating in California and report to ARB within 45 days of this agreement.
- (10) MRM INTERNATIONAL shall comply with the ECL regulation as codified in 13 CCR § 2183.
- (11) MRM INTERNATIONAL shall instruct all employees who operate diesel-fueled vehicles to comply with the idling regulations set forth in 13 CCR § 2485, within 45 days of this Agreement.
- (12) MRM INTERNATIONAL has 3 outstanding citations (citation numbers STB05615011JW, STB021816001RB, and STB070516002JA), for not meeting the requirements of the Truck and Bus regulation. These citations will be cleared through this Agreement.
- (13) MRM INTERNATIONAL shall not violate the Truck and Bus regulation as codified in 13 CCR § 2025. Within 60 days of the execution of this Agreement, MRM INTERNATIONAL shall submit the proof of compliance to **Mr. Ryman Simangan, Air Pollution Specialist, California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, California 95812.**
- (14) This Agreement shall apply to and be binding upon MRM INTERNATIONAL, and its officers, directors, receivers, trustees, employees, successors and assignees, subsidiary and parent corporations and upon ARB and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Agreement.

- (15) This Agreement constitutes the entire agreement and understanding between ARB and MRM INTERNATIONAL concerning the subject matter hereof, and supersedes and replaces all prior negotiations and agreements between ARB and MRM INTERNATIONAL concerning the subject matter hereof.
- (16) No agreement to modify, amend, extend, supersede, terminate, or discharge this Agreement, or any portion thereof, is valid or enforceable unless it is in writing and signed by all parties to this Agreement.
- (17) Severability. Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be invalid or unenforceable, the remainder of this Agreement remains in full force and effect.
- (18) This Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice-of-law rules.
- (19) This Agreement is deemed to have been drafted equally by the Parties; it will not be interpreted for or against either party on the ground that said party drafted it.
- (20) Senate Bill 1402 (Dutton, Chapter 413, statutes of 2010) requires ARB to provide information on the basis for the penalties it seeks (HSC § 39619.7). This information, which is provided throughout this settlement agreement, is summarized here:

The manner in which the penalty amount was determined, including a per unit or per vehicle penalty.

Penalties must be set at levels sufficient to discourage violations. The penalties in this matter were determined in consideration of all relevant circumstances, including the eight factors specified in HSC §§ 42403 and 43024.

PSIP Violations

The per vehicle penalty for the PSIP violations involved in this case is a maximum of \$500.00 per vehicle per violation per year. The penalty obtained for the PSIP violations involved in this case is \$9,000.00 for 24 violations involving 24 vehicles, or \$375.00 per vehicle per violation.

The penalty was discounted based on the fact that this was a first time violation and the violator made diligent efforts to comply and to cooperate with the investigation.

Truck and Bus Violations

The per unit penalty for the Truck and Bus violations involved in this case is a maximum of \$1,000.00 per vehicle per day for strict liability violations or \$10,000.00 per vehicle per day for negligent or intentional violations.

The penalty obtained for the Truck and Bus violations involved in this case for failure to meet the requirements of the Engine Model Year Compliance Schedule for heavier vehicles is \$30,000.00 or \$3,000.00 per vehicle:

- \$21,000.00 for 7 vehicles with a 1996-1999 model year engine,
- \$6,000.00 for 2 vehicles with a 2000-2004 model year engine, and
- \$3,000.00 for 1 vehicle with a 1993 and older model year engine.

The penalty was discounted based on the fact that this was a first time violation and the violator made diligent efforts to comply and to cooperate with the investigation.

The penalty obtained for the Truck and Bus violations involved in this case for failure to disclose appropriate language on the bills of sales, sales contract addendums, or invoices is \$900.00 or \$225.00 per vehicle per violation for 4 vehicles.

The penalty was discounted based on the fact that this was a first time violation and the violator made diligent efforts to comply and to cooperate with the investigation.

The penalty obtained for outstanding Truck and Bus violations involved in this case is \$5,400.00 or \$1,800 per outstanding citation.

The provision of law the penalty is being assessed under and why that provision is most appropriate for that violation.

PSIP Violations

The penalty provision being applied to the PSIP violations is HSC § 43016 because MRM INTERNATIONAL failed to test, measure, record, and maintain records of smoke emissions from its fleet of heavy-duty diesel vehicles for the years 2016 in violation of the PSIP regulation in 13 CCR § 2190 *et seq.*, for 24 vehicles. Since the PSIP regulation was adopted pursuant to authority granted in Part 5 of Division 26 of the HSC and since there is no specific penalty or fine provided for PSIP violations in Part 5, HSC § 43016 is the applicable penalty provision.

Truck and Bus Violations

The penalty provision being applied for the Truck and Bus regulation (13 CCR § 2025) violations in this case is HSC § 39674 because the Truck and Bus regulation is an Airborne Toxic Control Measure adopted pursuant to authority contained in HSC §§ 39002 et seq., 39650-39675 and because MRM INTERNATIONAL failed to bring their diesel fleet into compliance by the deadlines set forth in 13 CCR § 2025(g) Also, MRM INTERNATIONAL failed to include the Disclosure of Regulation Applicability on the bill of sales, contract addendums, or invoices.

Is the penalty being assessed under a provision of law that prohibits the emission of pollution at a specified level, and, if so a quantification of excess emissions, if it is practicable to do so.

PSIP Violations

The PSIP provisions cited above do prohibit emissions above a specified opacity or level of g/hp-hr. However, since the hours of operation of the noncompliant units involved and their individual emission rates are not known, it is not practicable to quantify the excess emissions.

Truck and Bus Violations

The provisions cited above do prohibit emissions above a specified level of g/hp-hr. However, since the hours of operation of the noncompliant trucks involved and their individual emission rates are not known, it is not practicable to quantify the excess emissions.

- (21) MRM INTERNATIONAL acknowledges that ARB has complied with Senate Bill 1402 in prosecuting or settling this case. Specifically, ARB has considered all relevant facts, including those listed at HSC § 43024, has explained the manner in which the penalty amount was calculated, has identified the provision of law under which the penalty is being assessed and has considered and determined that this penalty is being assessed under a provision of law that prohibits the emission of pollutants at a specified level.
- (22) Penalties were determined based on the unique circumstances of this matter, considered together with the need to remove any economic benefit from noncompliance, the goal of deterring future violations and obtaining swift compliance, the consideration of past penalties in similar cases, and the potential costs and risk associated with litigating these particular violations. Penalties in future cases might be smaller or larger on a per unit basis.

- (23) The penalty was based on confidential settlement communications between ARB and MRM INTERNATIONAL that ARB does not retain in the ordinary course of business. The penalty is the product of an arms length negotiation between ARB and MRM INTERNATIONAL and reflects ARB's assessment of the relative strength of its case against MRM INTERNATIONAL, the desire to avoid the uncertainty, burden and expense of litigation, obtain swift compliance with the law and remove any unfair advantage that MRM INTERNATIONAL may have secured from its actions.
- (24) Now therefore, in consideration of the payment on behalf of MRM INTERNATIONAL to the Air Pollution Control Fund and the San Joaquin Valley Air Pollution Control District, ARB hereby releases MRM INTERNATIONAL and their principals, officers, agents, predecessors and successors from any and all claims, ARB may have or have in the future based on the circumstances described in paragraphs (1) through (18) of the Recitals. The undersigned represent that they have the authority to enter into this Agreement.
