

SETTLEMENT AGREEMENT

This Settlement Agreement (Agreement) is entered into between the State of California Air Resources Board (ARB) with its principal office at 1001 "I" Street, Sacramento, California 95814, and NRG El Segundo Operations Incorporated (NRG) located at 301 Vista Del Mar, El Segundo, California 90245.

RECITALS

1. The Global Warming Solutions Act of 2006 authorizes ARB to adopt regulations to reduce greenhouse gas emissions (Health & Safety Code section 38530).
2. Pursuant to that authority, ARB adopted the Regulation for Reducing Sulfur Hexafluoride Emissions from Gas Insulated Switchgear, California Code of Regulations (CCR), title 17, section 95350 et seq. (SF₆-GIS Regulation). The SF₆-GIS Regulation became fully effective on June 17, 2011.
3. NRG is a "GIS Owner" as defined by the SF₆-GIS Regulation and is subject to the SF₆-GIS Regulation's requirements (CCR, title 17, section 95351(a)(8)).
4. The SF₆-GIS Regulation sets forth maximum annual SF₆ emission rates (CCR, title 17, section 95352).
5. NRG exceeded the annual SF₆ emission rate limit established for 2012.
6. The SF₆-GIS Regulation provides that any exceedance of the maximum allowable SF₆ emission rate for a calendar year constitutes a single separate violation for each day of the calendar year (CCR, title 17, section 95358(c)).
7. Violation of the SF₆-GIS Regulation is a violation of State law. Health & Safety Code sections 38580 and 42400 et seq., authorize strict liability penalties not to exceed ten thousand dollars (\$10,000) per day, for each day that the violation occurs.
8. ARB and NRG desire to resolve this issue completely under the terms of this Agreement, in lieu of litigation. In order to resolve these violations, NRG agrees to take the actions enumerated below under "TERMS AND RELEASE."

TERMS AND RELEASE

9. Upon execution of this Agreement, NRG agrees to pay civil penalties in the amount of \$200,000.00. Payment of the penalties shall be as follows:

A payment of \$150,000.00 shall be made to the "Air Pollution Control Fund" and a payment of \$50,000.00 shall be made to the "Peralta Colleges Foundation" on behalf of NRG. Payment is due on January 30, 2016. Payment and submittal of the signed Agreement shall be handled in accordance with the instructions in Attachment A to this Agreement.

10. NRG shall not violate the SF₆-GIS Regulation.
11. It is further agreed that the Effective Date shall be the date upon which ARB executes this Agreement.
12. It is further agreed that the penalties described in this Agreement are punitive in nature, rather than compensatory. Furthermore, the penalty is intended to deter and punish NRG for violations of the SF₆-GIS Regulation, and these penalties are payable to a governmental unit. Therefore, it is agreed that these penalties imposed on NRG by ARB arising from the facts described in recitals are non-dischargeable under United States Code, title 11, section 523 (a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty or forfeiture payable to and for benefit of governmental unit, and is not compensation for actual pecuniary loss, other than certain types of tax penalties.
13. This Agreement shall apply to and be binding upon NRG, and its officers, directors, receivers, trustees, employees, successors and assignees and subsidiary corporations, and upon ARB and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Agreement.
14. This Agreement constitutes the entire agreement and understanding between ARB and NRG concerning the subject matter hereof, and supersedes and replaces all prior negotiations and agreements between ARB and NRG concerning the subject matter hereof.
15. No agreement to modify, amend, extend, supersede, terminate, or discharge this Agreement, or any portion thereof, is valid or enforceable unless it is in writing and signed by all parties to this Agreement. This Agreement shall further serve to toll any statute of limitation until six months after all terms and conditions of this Agreement have been fulfilled.

Settlement Agreement

ARB and NRG

October 16, 2015

16. Failure to comply with any of the terms of this Agreement shall void the agreement and ARB may take enforcement action based on the initial violation and any subsequent violations of this Agreement.
17. Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be invalid or unenforceable, the remainder of this Agreement remains in full force and effect.
18. This Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice-of-law rules.
19. This Agreement is deemed to have been drafted equally by ARB and NRG; it will not be interpreted for or against either party on the ground that said party drafted it.
20. **SB 1402 Statement.** Health & Safety Code section 39619.7 (Senate Bill 1402, Dutton, chapter 413, statutes of 2010) requires ARB to explain the basis for the penalties it seeks. This information is provided throughout this Agreement and is summarized here.

The manner in which the penalty was determined.

Penalties must be set at levels sufficient to deter violations. The penalties in this matter were determined based on all relevant circumstances, including the unique circumstances of this case, giving consideration to the eight factors specified in Health & Safety Code section 42403. Those circumstances were considered together with the need to remove any economic benefit from noncompliance, the goal of deterring future violations and obtaining swift compliance, penalties sought in other cases, and the potential costs and risk associated with litigating these particular violations. Penalties in future cases might be smaller or larger. Specifically, this penalty reflects a penalty of approximately \$548 per day for 365 days of violation. In this matter ARB concluded there were a number of mitigating factors including: the fact that this was an innocent first time violation and NRG cooperated fully with the investigation.

The legal provisions under which the penalty was assessed.

The penalty is based on Health and Safety Code section 42402 and CCR, title 17, section 95358, the provisions intended to govern SF₆-GIS Regulation violations.

Settlement Agreement

ARB and NRG

October 16, 2015

Whether the governing provisions prohibit emissions at a specified level, and, if so a quantification of excess emissions if it is practicable to do so.

The SF₆-GIS Regulation prohibits SF₆ emissions above a specified annual percentage rates. Based on ARB investigation, NRG exceeded the 2012 annual emission limitation by 219 pounds of SF₆.

21. NRG acknowledges that ARB has complied with section 39619.7 in investigating, prosecuting and settling this case. Specifically, ARB has considered all relevant facts, including those listed at Health & Safety Code section 42403, has explained the manner in which the penalty amount was calculated, has identified the provision of law under which the penalty is being assessed, and has considered and determined that this penalty is being assessed under a provision of law that prohibits the emission of pollutants at a specified level.
22. The penalty was based on confidential settlement communications between ARB and NRG. The penalty is the product of an arms length negotiation between ARB and NRG and reflects ARB's assessment of the relative strength of its case against NRG, the desire to avoid the uncertainty, burden and expense of litigation, obtain swift compliance with the law and remove any unfair advantage that NRG may have secured from its actions.
23. Now therefore, in consideration of the undertaking in paragraph 10 and payment on behalf of NRG to the California Air Resources Board, ARB hereby resolves with NRG and its principals, officers, agents, predecessors and successors from any and all claims for the past violations of the SF₆-GIS Regulation that ARB may have based on the circumstances described in the Recitals.
24. The undersigned represent that they have the authority to enter into this Agreement.
