SETTLEMENT AGREEMENT AND RELEASE

This SETTLEMENT AGREEMENT AND RELEASE (hereinafter "Agreement") is entered into between the STATE OF CALIFORNIA AIR RESOURCES BOARD (hereinafter "ARB") 1001 I Street, Sacramento, California 95814, and Pro Clean Up, Inc. (hereinafter "Pro Clean Up"), 2745 East Madison Avenue, Fresno, California 93701.

I. RECITALS

(1) California Health and Safety Code (*H&SC*) Section 44011.6 established the Heavy Duty Vehicle Inspection Program (HDVIP). It authorizes ARB to inspect on-road heavy-duty vehicles for excessive smoke emissions and engine tampering and to issue citations, accordingly. The program also requires the vehicle owner to repair its engines that exceed the prescribed ARB smoke opacity standards, perform a post-repair opacity test, and submit proof of repairs and any assessed penalties under the Regulations of the Heavy-Duty Smoke Inspection Program, Chapter 3.5, Sections 2180-2188, Title 13, California Code of Regulations (CCR).

(2) *H&SC* Section 43701 provides that ARB shall adopt regulations that require owners or operators of heavy-duty diesel motor vehicles to perform regular inspections of their vehicles for excess smoke emissions.

(3) Title 13, CCR sections 2190 et seq. was adopted under the authority of *H&SC* section 43701 and, with limited exceptions, which are not applicable here, apply to all heavy-duty diesel powered vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California.

(4) Title 13, CCR sections 2190 et seq. authorize the Periodic Smoke Inspection Program (PSIP) which requires the owners and operators of California based vehicle fleets of two or more heavy duty diesel motor vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California to conduct annual smoke opacity inspections of their vehicles that are four years older than the model year of the vehicle's engine.

(5) Title 13, CCR section 2192 (a) requires inter alia that the owner of the vehicle "[t]est the vehicle for excessive smoke emissions periodically according to the inspection intervals specified in section 2193 (a), (b), and (c)", "[m]easure the smoke emissions for each test...", "[r]ecord the smoke test opacity levels and other required test information as specified in section 2194..." and "[k]eep the records specified in section 2194 for two years after the date of inspection."

(6) *H&SC* Section 43016 states, "Any person who violates any provision of this part, or any order, rule, or regulation of the state board adopted pursuant to this part, and for which violation there is not provided in this part any other specific civil

penalty or fine, shall be subject to a civil penalty of not to exceed five hundred dollars ($500.00) per vehicle."

(7) The ARB considers testing, measuring, recording, and recordkeeping to be critical components in reducing excessive smoke emissions from these heavy-duty vehicles.

(8) ARB contends PRO CLEAN UP failed to test, measure, record, and maintain records of smoke emissions from its fleet of heavy-duty diesel vehicles for 2011 and 2012 in violation of Title 13, CCR Sections 2190 et seq.

(9) Under authority of California Health and Safety Code, section 39601 and 39660, Title 13, CCR, Sections 2020 and 2021 *et seq.* requires owners of diesel fueled solid waste collection vehicles over 14,000 pounds gross vehicle weight with model-year engines 1960 to 2006 used to collect solid waste to use best available control technology for each solid waste collection vehicle in the active fleet. Records of the installed diesel emission control strategies and corresponding compliance plan must be accessible at the terminal. Each solid waste collection vehicle must have a legible and durable label with complete and accurate information affixed to the driver's side doorjamb or another readily accessible location known to the driver.

(10) The ARB contends that PRO CLEAN UP failed to install best available control technology to solid waste collection vehicles in its fleet according to the implementation schedule outlined in Title 13, CCR, Sections 2021 *et seq.* at their terminal in Fresno, California.

(11) Health and Safety Code, Sections 39674 (a) and (b) authorize civil penalties for the violation of the programs for the regulation of toxic air contaminants not to exceed one thousand dollars ($1,000.00) or not to exceed ten thousand dollars ($10,000.00) respectively, for each day in which the violation occurs.

(12) In order to resolve these alleged violations, PRO CLEAN UP. has taken, or agreed to take, the actions enumerated below under "TERMS AND RELEASE". Further, the ARB accepts this Agreement in termination and settlement of this matter.

(13) In consideration of the foregoing, and of the promises and facts set forth herein, the parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed violations, and voluntarily agree to resolve this matter by means of this Agreement. Specifically, the ARB and PRO CLEAN UP agree as follows:

II. TERMS AND RELEASE

In consideration of the ARB not filing a legal action against PRO CLEAN UP for the alleged violations referred to above, and Pro Clean Up's payment of the penalties set forth in Section 1 below, the ARB and PRO CLEAN UP agree as follows:

(1) Upon execution of this Agreement, PRO CLEAN UP shall pay a civil penalty of six thousand seven hundred and fifty dollars ($6,750). Payment shall be made in check form as described below, and payments shall be made in payments beginning on **January 17, 2014**. If the Attorney General files a civil action to enforce this settlement agreement, PRO CLEAN UP shall pay all costs of investigating and prosecuting the action, including expert fees, reasonable attorney's fees, and costs.

SETTLEMENT AGREEMENT AND RELEASE ARB AND PRO CLEAN UP:

Payment Due Date:		**In the Amount of and Paid to:**	
(1)	January 17, 2014	**$1,687.50**	paid to **Peralta Colleges Foundation**
(2)	March 17, 2014	**$2,531.25**	paid to **California Air Pollution Control Fund**
(3)	May 17, 2014	**$2,531.25**	paid to **California Air Pollution Control Fund**

All payments and documents shall be sent to the attention of:

Ms. Stephen Binning
Air Resources Board, Enforcement Division
P.O. Box 2815
Sacramento, CA 95812

(2) Effect of Untimely Payment. If any payment is more than 15 days late, the entire remaining balance becomes immediately due and payable. In addition, if the Attorney General files a civil action to enforce this settlement agreement, PRO CLEAN UP shall pay all costs of investigating and prosecuting the action, including expert fees, reasonable attorney's fees, and costs.

(3) It is agreed that if PRO CLEAN UP, including its subsidiary or parent company, at any time becomes insolvent, or makes an assignment for the benefit of creditors or similar action adversely involving PRO CLEAN UP, its subsidiary, or parent company, or a proceeding or petition under any bankruptcy, reorganization, arrangement of debt, insolvency, readjustment of debt, or receivership law or statute is filed by or against PRO CLEAN UP, its subsidiary, or parent company, or a trustee in bankruptcy, custodian, receiver or agent is appointed or authorized to take charge of any of PRO CLEAN UP, its subsidiary, or parent company's

properties, or if any deposit account or other property of PRO CLEAN UP, its subsidiary, or parent company be attempted to be obtained or held by writ of execution, garnishment, attachment, condemnation, levy, forfeiture or other legal process, PRO CLEAN UP, its subsidiary, or parent company takes any action to authorize any of the foregoing, the entire remaining balance becomes immediately due and payable without notice or demand.

(4) It is further agreed that the penalties described in "Terms and Release", paragraph 1 are punitive in nature, rather than compensatory. Furthermore, the penalty is intended to deter and punish PRO CLEAN UP for violations of state environmental statutes, and these penalties are payable to and for the benefit of ARB, a governmental unit. Therefore, it is agreed that these penalties imposed on PRO CLEAN UP by ARB arising from the facts described in recital paragraphs 1 – 11 are non-dischargeable under 11 United States Code § 523 (a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty or forfeiture payable to and for benefit of governmental unit, and is not compensation for actual pecuniary loss, other than certain types of tax penalties.

(5) PRO CLEAN UP shall not violate H&SC sections 43701 *et seq.* and 44011.6 *et seq.* and Title 13, CCR Sections 2180 *et seq.*, 2190 *et seq.*, and 2485 *et seq.*

(6) PRO CLEAN UP shall comply with one or both of the following options to attend the California Council on Diesel Education and Technology (CCDET) class, (SAE J1667 Snap Acceleration Smoke Test Procedure for Heavy-Duty Diesel Powered Vehicles) as described on the ARB webpage at *http://www.arb.ca.gov/enf/hdvip/hdvip.htm*. This class is conducted by various California Community Colleges and instructs attendees on compliance with the PSIP, ECL, and the HDVIP.

(a) PRO CLEAN UP shall have the fleet maintenance manager (or equivalent) and all staff performing opacity tests for compliance with PSIP and the HDVIP attend the CCDET I class. Proof of CCDET I completion shall be provided to ARB within six months of the date of this Agreement and be maintained in each applicable employee's file for the term of his or her employment.

(b) If PRO CLEAN UP uses a contractor to perform the annual smoke opacity testing required under the PSIP, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET I course, PRO CLEAN UP shall obtain proof that the contractor's staff conducting the smoke opacity tests completed the CCDET I course within the past four years. This proof of CCDET I completion shall be provided to ARB with PSIP records as required by this Agreement and be maintained with the annual PSIP records.

(7) PRO CLEAN UP shall comply with one or both of the following options to attend the CCDET II class (Diesel Exhaust After Treatment and Maintenance), described on the ARB's webpage http://www.arb.ca.gov/enf/hdvip/ccdet/ccdet.htm. This class is conducted by various California Community Colleges and instructs attendees on California's emission regulations and the proper care and maintenance of Diesel Exhaust After Treatment Systems (DEATS).

(a) PRO CLEAN UP shall have the fleet maintenance manager (or equivalent) and all staff responsible for maintenance of DEATS attend the CCDET II class. Proof of CCDET II completion shall be provided to ARB within six months of the date of this Agreement and also be maintained in each applicable employee's file for the term of his or her employment.

(b) In case PRO CLEAN UP uses a contractor for the maintenance of DEATS, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET II course, PRO CLEAN UP shall obtain proof that the contractor's staff maintaining the DEATS device(s) completed the CCDET II course within the last four years. This proof of the CCDET II completion shall be provided by PRO CLEAN UP to the ARB within six months of the date of this settlement and be maintained with the DEATS installation and maintenance records.

(8) PRO CLEAN UP shall submit copies of all PSIP compliance records for years 2013 and 2014 to the ARB by January 31 of the following year. Copies shall be addressed to the attention of Stephen Binning at the California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, CA 95812 or at sbinning@arb.ca.gov . The ARB reserves the right to visit any PRO CLEAN UP fleet location at any time to conduct compliance audits for the HDVIP and PSIP, or any other applicable ARB program.

(9) PRO CLEAN UP shall complete Low NOx Software Upgrades (reflash) on all applicable heavy-duty diesel engines operating in California and report to the ARB within 45 days of this agreement.

(10) Each 1974 or newer diesel powered heavy-duty vehicle in the PRO CLEAN UP fleet shall comply with the emission control label (ECL) requirements set forth in the CCR, Title 13, Section 2183 (c).

(11) Each SWCV shall comply with the label requirements set forth in Title 13, CCR, Section 2021.2(f)(2) within 45 days of this Agreement.

(12) PRO CLEAN UP will submit an updated compliance plan demonstrating compliance with the Solid Waste Collection Vehicle Rule to Stephen Binning at P.O. Box 2815, Sacramento, CA 95812 or electronically at sbinning@arb.ca.gov within 60 days of this Agreement.

(13) PRO CLEAN UP shall instruct all employees who operate diesel-fueled vehicles to comply with the idling regulations set forth in CCR, Title 13, Section 2485, within 60 days of this Agreement.

(14) This Agreement shall apply to and be binding upon PRO CLEAN UP and their principals, agents, predecessors, successors and assignees, officers, directors, receivers, trustees, employees, subsidiary and parent corporations upon ARB and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Agreement.

(15) This Agreement constitutes the entire agreement and understanding between ARB and PRO CLEAN UP concerning the subject matter hereof, and supersedes and replaces all prior negotiations and agreements between ARB and PRO CLEAN UP, concerning the subject matter hereof.

(16) No agreement to modify, amend, extend, supersede, terminate, or discharge this Agreement, or any portion thereof, is valid or enforceable unless it is in writing and signed by all parties to this Agreement.

(17) Severability. Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be invalid or unenforceable, the remainder of this Agreement remains in full force and effect.

(18) This Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice-of-law rules.

(19) This Agreement is deemed to have been drafted equally by the Parties; it will not be interpreted for or against either party on the ground that said party drafted it.

(20) Senate Bill 1402 (Dutton, Chapter 413, statutes of 2010) requires the ARB to provide information on the basis for the penalties it seeks (see Health and Safety Code section 39619.7). This information, which is provided throughout this settlement agreement, is summarized here.

The manner in which the penalty amount was determined, including a per unit or per vehicle penalty.

Penalties must be set at levels sufficient to discourage violations. The penalties in this matter were determined in consideration of all relevant circumstances, including the eight factors specified in Health and Safety Code sections 42403 and 43024. The penalty was discounted based on the fact that this was a first time violation and the violator made diligent efforts to comply and to cooperate with the investigation.

PSIP Violations

The per vehicle penalty for the PSIP violations involved in this case is a maximum of $500 per vehicle per violation per year. The penalty obtained for the four PSIP violations involved in this case is $1,500 for two vehicles, or $375 per vehicle per violation. The penalty was discounted based on the fact that this was a first time violation, the violator made diligent efforts to comply and to cooperate with the investigation, and violator's financial hardship.

SWCV Rule Violations

The per vehicle penalty for the SWCV violations involved in this case is a maximum of $1,000 per vehicle per day for strict liability violations or $10,000 per vehicle per day for negligent or intentional violations. The penalty obtained for the SWCV violations involved in this case is $5,250 or $575 per vehicle per violation for 2 trucks for an unspecified number of days. The penalty was discounted based on the fact that this was a first time violation, the violator made diligent efforts to comply and to cooperate with the investigation, and violator's financial hardship

The provision of law the penalty is being assessed under and why that provision is most appropriate for that violation.

PSIP Violations

The penalty provision being applied to the PSIP violations is HSC section 43016 because PRO CLEAN UP failed to test, measure, record, and maintain records of smoke emissions from its fleet of heavy duty diesel vehicles for the years 2011 and 2012 in violation of the PSIP regulation in Title 13, CCR sections 2190 *et seq*, for five vehicles. Since the PSIP regulation was adopted pursuant to authority granted in Part 5 of Division 26 of the HSC and since there is no specific penalty or fine provided for PSIP violations in Part 5, HSC section 43016 is the applicable penalty provision.

SWCV Violations

The penalty provision being applied for the Solid Waste Collection Vehicle Rule (Title 13, CCR, section 2020 *et seq.*) violations is HSC section 39674. The SWCV rule is a Toxic Air Contaminant Control Measure adopted pursuant to authority contained in HSC Section 39660, *et seq.* and because PRO CLEAN UP failed to install best available control technology on two vehicles by the implementation deadlines as required by the Solid Waste Collection Vehicle Rule during the years 2008 through 2012 over an unspecified number of days.

Is the penalty being assessed under a provision of law that prohibits the emission of pollution at a specified level, and, if so a quantification of excess emissions, if it is practicable to do so.

The provisions cited above do prohibit emissions above a specified opacity or level of g/hp-hr. However, since the hours of operation of the non-compliant units involved and their individual emission rate are not known, it is not practicable to quantify the excess emissions.

(21) PRO CLEAN UP acknowledges that ARB has complied with SB 1402 in prosecuting and settling this case. Specifically, ARB has considered all relevant facts, including those listed at HSC section 43024, has explained the manner in which the penalty amount was calculated, has identified the provision of law under which the penalty is being assessed and has considered and determined that this penalty is being assessed under a provision of law that prohibits the emission of pollutants at a specified level.

(22) Penalties were determined based on the unique circumstances of this matter, considered together with the need to remove any economic benefit from noncompliance, the goal of deterring future violations and obtaining swift compliance, the consideration of past penalties in similar cases, and the potential costs and risk associated with litigating these particular violations. Penalties in future cases might be smaller or larger on a per unit/vehicle basis.

(23) The penalty was based on confidential settlement communications between ARB and that ARB does not retain in the ordinary course of business. The penalty is the product of an arms length negotiation between ARB and PRO CLEAN UP and reflects ARB's assessment of the relative strength of its case against PRO CLEAN UP, the desire to avoid the uncertainty, burden and expense of litigation, obtain swift compliance with the law and remove any unfair advantage that PRO CLEAN UP may have secured from its actions.

(24) Now therefore, in consideration of the payment on behalf of PRO CLEAN UP to the California Air Pollution Control Fund and the Peralta Colleges Foundation, the ARB hereby releases PRO CLEAN UP and their principals, agents, predecessors, successors and assignees, officers, directors, receivers, trustees, employees, subsidiary and parent corporations from any and all claims, the ARB may have or have in the future based on the circumstances described in paragraph (1) through (11) of the Recitals. The undersigned represent that they have the authority to enter into this Agreement
