

# SETTLEMENT AGREEMENT AND RELEASE

This SETTLEMENT AGREEMENT AND RELEASE (hereinafter "Agreement") is entered into between the STATE OF CALIFORNIA AIR RESOURCES BOARD (hereinafter "ARB") 1001 I Street, Sacramento, California 95814, and ROBLEDO TRANSPORT LOGISTICS, INC. (hereinafter "RTL"), 1022 Harthorn Ln, Fillmore, California, 93015.

## I. RECITALS

- (1) California Health and Safety Code section 44011.6 (HSC § 44011.6) established the Heavy-Duty Vehicle Inspection Program (HDVIP). It authorizes ARB to inspect on-road heavy-duty vehicles for excessive smoke emissions and engine tampering and to issue citations accordingly. The program also requires the vehicle owner to repair its engines that exceed the prescribed ARB smoke opacity standards, perform a post-repair opacity test, and submit proof of repairs and any assessed penalties under the regulations of the HDVIP, chapter 3.5, California Code of Regulations, title 13, sections 2180-2188 (13 CCR §§ 2180-2188).
- (2) HSC § 43701 provides that ARB shall adopt regulations that require owners or operators of heavy-duty diesel motor vehicles to perform regular inspections of their vehicles for excessive smoke emissions.
- (3) 13 CCR § 2190 *et seq.* were adopted under the authority of HSC § 43701 and, with limited exceptions, which are not applicable here, apply to all heavy-duty diesel powered vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California.
- (4) 13 CCR § 2190 *et seq.* authorize the Periodic Smoke Inspection Program (PSIP) which requires the owners and operators of California based vehicle fleets of two or more heavy-duty diesel motor vehicles with gross vehicle weight ratings greater than 6,000 pounds that operate on the streets or highways within the State of California to conduct annual smoke opacity inspections of their vehicles equipped with engines that are four years old or older.
- (5) 13 CCR § 2192(a) requires inter alia that the owner of the vehicle "[t]est the vehicle for excessive smoke emissions periodically according to the inspection intervals specified in section 2193(a), (b), and (c)", "[m]easure the smoke emissions for each test...", "[r]ecord the smoke test opacity levels and other required test information as specified in section 2194..." and "[k]eep the records specified in section 2194 for two years after the date of inspection."
- (6) HSC § 43016 states, "Any person who violates any provision of this part, or any order, rule, or regulation of the state board adopted pursuant to this part, and for which there is not provided in this part any other specific civil penalty or fine, shall

## SETTLEMENT AGREEMENT AND RELEASE

ARB and RTL

Page 2 of 11

be subject to a civil penalty of not to exceed five hundred dollars (\$500.00) per vehicle.”

- (7) ARB considers testing, measuring, recording, and recordkeeping to be critical components in reducing excessive smoke emissions from these heavy-duty vehicles.
- (8) ARB contends RTL failed to test, measure, record, and maintain records of smoke emissions from its fleet of heavy-duty diesel vehicles for years 2012 and 2013 in violation of 13 CCR § 2190 *et seq.*
- (9) HSC §§ 39650-39675 mandate the reduction of the emissions of substances that have been determined to be toxic air contaminants. In 1998, following an exhaustive ten-year scientific assessment process, ARB identified particulate matter (PM) from diesel-fueled engines as a toxic air contaminant. In-use on-road diesel vehicles are powered by diesel fueled engines that emit toxic PM. On-road vehicles are controlled under the Truck and Bus (TB) regulation, as codified in 13 CCR § 2025.
- (10) 13 CCR § 2025(e)(1)(B) states: “Starting January 1, 2012, for all vehicles with GVWR greater than 26,000 lbs, excluding school buses, fleets must meet the requirements of 13 CCR § 2025(g) or fleets that report may instead comply with the phase-in option of 13 CCR § 2025(i).”
- (11) Failure to comply with the requirements of 13 CCR § 2025 is a violation of state law resulting in penalties. HSC §§ 39674(a) and (b) authorize civil penalties for the violation of the programs for the regulation of toxic air contaminants not to exceed one thousand dollars (\$1,000) or ten thousand dollars (\$10,000), respectively, for each day in which the violation occurs.
- (12) RTL has elected to utilize the phase-in option provided for in 13 CCR § 2025(i).
- (13) 13 CCR § 2025(i), phase-in option, requires that owners of diesel vehicles with a GVWR greater than 26,000 lbs meet the PM Best Available Control Technology (BACT) requirements by phasing in 90 percent of their fleet by January 1, 2015.
- (14) ARB has documented that RTL failed to have 90 percent of their fleet meet the PM BACT requirements by January 1, 2015.

# SETTLEMENT AGREEMENT AND RELEASE

ARB and RTL

Page 3 of 11

- (15) RTL has one outstanding citation, as noted in the table below:

Citation Number	Violation Type	VIN	Issue Date	Penalty Amount
STB051915003CK	TB	1FV7D0Y91RH549182	July 19, 2015	\$1,800

- (16) Transport Refrigeration Units (TRU) are powered by diesel fueled engines that emit toxic PM. TRUs are regulated under the Airborne Toxic Control Measure for In-Use Diesel-Fueled Transport Refrigeration Units and TRU Generator Sets, and Facilities Where TRUs Operate (TRU ATCM) as codified in 13 CCR § 2477.1 through 2477.21.
- (17) 13 CCR § 2477.5(a) provides that no owner/operator shall operate a TRU or TRU generator (gen) set in California unless it meets in-use performance standards established in § 2477.5.
- (18) ARB Enforcement Division has documented that RTL failed to bring the TRUs it operates in California into compliance with the in-use performance standards before the deadlines set forth in the regulation.
- (19) Failure to bring the TRU fleet in compliance with applicable in-use performance standards are violations of state law resulting in penalties. HSC § 39674 authorizes civil penalties of up to ten thousand dollars (\$10,000) for each day that the violation occurs.
- (20) In order to resolve these alleged violations, RTL has taken, or agreed to take, the actions enumerated below under "RELEASE". Further, ARB accepts this Agreement in termination and settlement of this matter.
- (21) In consideration of the foregoing, and of the promises and facts set forth herein, the parties desire to settle and resolve all claims, disputes, and obligations relating to the above-listed violations, and voluntarily agree to resolve this matter by means of this Agreement. Specifically, ARB and RTL agree as follows:

## II. TERMS AND RELEASE

In consideration of ARB not filing a legal action against RTL for the alleged violations referred to above, and RTL's payment of the penalties set forth in Section 1 below, ARB and RTL agree as follows:

- (1) Upon execution of this Agreement, RTL shall pay a civil penalty of \$5,150.00. Payment shall be made in three payments as described below, beginning on **July 13, 2016**:

SETTLEMENT AGREEMENT AND RELEASE

ARB and RTL

Page 4 of 11

<b>Payment Due Date:</b>	<b>In the Amount of and Payable to:</b>	
7/13/2016	<b>\$1,288.00</b>	<b>the Peralta Colleges Foundation</b>
8/12/2016	<b>\$1,931.00</b>	<b>the Air Pollution Control Fund</b>
9/13/2016	<b>\$1,931.00</b>	<b>the Air Pollution Control Fund</b>

**Please send the signed Settlement Agreement and any future mailings or documents required per the terms of this Settlement Agreement to:**

**Alfonso Arambula  
Air Pollution Specialist  
California Air Resources Board  
Enforcement Division  
P.O. Box 2815  
Sacramento, California 95812**

**Please submit each payment by the applicable payment due date along with the corresponding “Settlement Agreement Payment Transmittal Form” (Attachment A) to:**

**California Air Resources Board  
Accounting Office  
P.O. Box 1436  
Sacramento, California 95812-1436**

- (2) **Effect of Untimely Payment.** If any payment is more than 15 days late, the entire remaining balance becomes immediately due and payable. In addition, if the Attorney General files a civil action to enforce this settlement agreement, RTL shall pay all costs of investigating and prosecuting the action, including expert fees, reasonable attorney’s fees, and costs.
- (3) It is agreed that if RTL, including its subsidiary or parent company, at any time becomes insolvent, or makes an assignment for the benefit of creditors or similar action adversely involving RTL, its subsidiary, or parent company, or a proceeding or petition under any bankruptcy, reorganization, arrangement of debt, insolvency, readjustment of debt, or receivership law or statute is filed by or against RTL, its subsidiary, or parent company, or a trustee in bankruptcy, custodian, receiver or agent is appointed or authorized to take charge of any of RTL’s, its subsidiary, or parent company’s properties, or if any deposit account or other property of RTL, its subsidiary, or parent company be attempted to be obtained or held by writ of execution, garnishment, attachment, condemnation, levy, forfeiture or other legal process, or RTL, its subsidiary, or parent company

## SETTLEMENT AGREEMENT AND RELEASE

ARB and RTL

Page 5 of 11

takes any action to authorize any of the foregoing, the entire remaining balance becomes immediately due and payable without notice or demand.

- (4) If the Attorney General files a civil action to enforce this settlement agreement, RTL shall pay all costs of investigating and prosecuting the action, including expert fees, reasonable attorney's costs, and costs.
- (5) It is further agreed that the penalties described in "Terms and Release", paragraph 1 are punitive in nature, rather than compensatory. Furthermore, the penalty is intended to deter and punish RTL for violations of state environmental statutes, and these penalties are payable to and for the benefit of ARB, a governmental unit. Therefore, it is agreed that these penalties imposed on RTL by ARB arising from the facts described in recital paragraphs (1) through (19) are non-dischargeable under 11 United States Code § 523 (a)(7), which provides an exception from discharge for any debt to the extent such debt is for a fine, penalty or forfeiture payable to and for benefit of governmental unit, and is not compensation for actual pecuniary loss, other than certain types of tax penalties.
- (6) RTL shall not violate HSC §§ 43701 *et seq.*, 44011.6 *et seq.*, and 13 CCR §§ 2180 *et seq.*, 2190 *et seq.*, and 2485 *et seq.*
- (7) RTL shall comply with one or both of the following options to attend the California Council on Diesel Education and Technology (CCDET I) class, (SAE J1667 Snap Acceleration Smoke Test Procedure for Heavy-Duty Diesel Powered Vehicles) as described on the ARB webpage at <http://www.arb.ca.gov/enf/hdvip/ccdet/ccdet.htm>. This class is conducted by various California Community Colleges and instructs attendees on compliance with the PSIP, the Emission Control Label (ECL) regulation and the HDVIP.
  - (a) RTL shall have the fleet maintenance manager (or equivalent) and all staff performing opacity tests for compliance with PSIP and the HDVIP attend the CCDET I class. Proof of CCDET I completion shall be provided to ARB within six months of the date of this Agreement and be maintained in each applicable employee's file for the term of his or her employment.
  - (b) If RTL uses a contractor to perform the annual smoke opacity testing required under the PSIP, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET I course, RTL shall obtain proof that the contractor's staff conducting the smoke opacity tests completed the CCDET I course within the past four years. This proof of CCDET I completion shall be provided to ARB with PSIP records as required by this Agreement and be maintained with the annual PSIP records.
- (8) RTL shall comply with one or both of the following options to attend the CCDET II class (Diesel Exhaust After Treatment and Maintenance), described on the

## SETTLEMENT AGREEMENT AND RELEASE

ARB and RTL

Page 6 of 11

ARB's webpage <http://www.arb.ca.gov/enf/hdvip/ccdet/ccdet.htm>. This class is conducted by various California Community Colleges and instructs attendees on California's emission regulations and the proper care and maintenance of diesel exhaust after-treatment systems (DEATS).

- (a) RTL shall have the fleet maintenance manager (or equivalent) and all staff responsible for maintenance of DEATS attend the CCDET II class. Proof of CCDET II completion shall be provided to ARB within six months of the date of this Agreement and also be maintained in each applicable employee's file for the term of his or her employment.
  - (b) In case RTL uses a contractor for the maintenance of DEATS, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET II course, RTL shall obtain proof that the contractor's staff maintaining the DEATS device(s) completed the CCDET II course within the last four years. This proof of the CCDET II completion shall be provided by RTL to ARB within six months of the date of this settlement and be maintained with the DEATS installation and maintenance records.
  - (c) In case RTL is unable to find a CCDET II certified contractor within a radius of 25 miles from its yard for the maintenance of DEATS, in addition to having the fleet maintenance manager (or equivalent) attend the CCDET II course, RTL shall contract only with the authorized verified diesel emission control strategy installer(s) or original equipment manufacturer distributor(s) for the maintenance of DEATS. The proof of the CCDET II completion for the fleet maintenance manager (or equivalent) shall be provided by RTL to ARB within six months of the date of this settlement and be maintained with the DEATS installation and maintenance records.
- (9) RTL shall submit copies of all PSIP compliance records for the years 2016 and 2017 to ARB by January 31 of the following year. **Copies shall be addressed to the attention of Mr. Alfonso Arambula at the California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, California 95812.** ARB reserves the right to visit any RTL fleet location at any time to conduct compliance audits for the HDVIP and PSIP, or any other applicable ARB program.
  - (10) RTL shall complete Low NOx Software Upgrades (reflash) on all applicable heavy-duty diesel engines operating in California and report to ARB within 45 days of this agreement.
  - (11) RTL shall remain in compliance with the ECL regulation as codified in 13 CCR § 2183.

## SETTLEMENT AGREEMENT AND RELEASE

ARB and RTL

Page 7 of 11

- (12) RTL shall instruct all employees who operate diesel-fueled vehicles to comply with the idling regulations set forth in 13 CCR § 2485, within 45 days of this Agreement.
- (13) RTL shall not violate the Truck and Bus regulation as codified in 13 CCR § 2025.
- (14) Within 45 days of the execution of this Agreement, RTL shall submit proof of compliance with the TB regulation (as codified in 13 CCR § 2025) to **Mr. Alfonso Arambula, Air Pollution Specialist, California Air Resources Board, Enforcement Division, P.O. Box 2815, Sacramento, California 95812.**
- (15) RTL has one outstanding citation (citation number STB051915003CK, dated 5/19/15), for not meeting the requirements of the TB Regulation. This citation will be cleared through this Agreement.
- (16) RTL shall not violate TRU ATCM as codified in 13 CCR § 2477.
- (17) Within 45 days of the execution of this Agreement, RTL shall bring its fleet of TRUs operating in California in compliance with the applicable in-use performance standards as required by 13 CCR § 2477.5(a) and apply for an ARB IDN for each of the California-based TRUs or TRU gen sets that it owns and/or operates as required by 13 CCR § 2477.5(e) and affix the IDN to both sides of each TRU or TRU gen set within 30 days of receiving the IDN from ARB as required by 13 CCR § 2477.5(e)(1)(F). RTL shall submit the proof of registration in ARB's Equipment Registration system (ARB ER) to Alfonso Arambula, Air Pollution Specialist, ARB Enforcement Division, P.O. Box 2815, Sacramento, CA 95812.
- (18) This Agreement shall apply to and be binding upon RTL, and its officers, directors, receivers, trustees, employees, successors and assignees, subsidiary and parent corporations and upon ARB and any successor agency that may have responsibility for and jurisdiction over the subject matter of this Agreement.
- (19) This Agreement constitutes the entire agreement and understanding between ARB and RTL concerning the subject matter hereof, and supersedes and replaces all prior negotiations and agreements between ARB and RTL concerning the subject matter hereof.
- (20) No agreement to modify, amend, extend, supersede, terminate, or discharge this Agreement, or any portion thereof, is valid or enforceable unless it is in writing and signed by all parties to this Agreement.

- (21) Severability. Each provision of this Agreement is severable, and in the event that any provision of this Agreement is held to be invalid or unenforceable, the remainder of this Agreement remains in full force and effect.
- (22) This Agreement shall be interpreted and enforced in accordance with the laws of the State of California, without regard to California's choice-of-law rules.
- (23) This Agreement is deemed to have been drafted equally by the Parties; it will not be interpreted for or against either party on the ground that said party drafted it.
- (24) Senate Bill 1402 (Dutton, Chapter 413, statutes of 2010) requires ARB to provide information on the basis for the penalties it seeks (HSC § 39619.7). This information, which is provided throughout this settlement agreement, is summarized here:

**The manner in which the penalty amount was determined, including a per unit or per vehicle penalty.**

Penalties must be set at levels sufficient to discourage violations. The penalties in this matter were determined in consideration of all relevant circumstances, including the eight factors specified in HSC §§ 42403 and 43024.

PSIP Violations

The per vehicle penalty for the PSIP violations involved in this case is a maximum of \$500.00 per vehicle per violation per year. The penalty obtained for the PSIP violations involved in this case is \$1,950.00 for six violations involving three vehicles, or \$325.00 per vehicle per violation.

The penalty was discounted due to financial hardship and the efforts of RTL to attain compliance.

Truck and Bus Violations

The per unit penalty for the Truck and Bus violations involved in this case is a maximum of \$1,000 per vehicle per day for strict liability violations or \$10,000 per vehicle per day for negligent or intentional violations.

The penalty obtained for the Truck and Bus violations involved in this case for failure to meet the requirements of the Phase-In Compliance Schedule is \$1,300 or \$100 per month of violation:

- \$1,200 for two vehicles not meeting the 90 percent phase-in requirement, or \$100 per vehicle (six months in violation) and;

## SETTLEMENT AGREEMENT AND RELEASE

ARB and RTL

Page 9 of 11

- \$100 for one vehicle not meeting the 90 percent phase-in requirement, or \$100 per vehicle (one month in violation);

The penalty obtained for the TB citation involved in this case is \$1,000.00 for operating a diesel vehicle that is not compliant with the PM BACT requirements as required by 13 CCR § 2025(i), resulting in the issuance of citation # STB051915003CK.

The penalty was discounted due to financial hardship and the efforts of RTL to attain compliance.

### TRU Violations

The per unit penalty for the TRU violations involved in this case is a maximum of \$1,000 per unit per day for strict liability violations or \$10,000 per vehicle per day for negligent or intentional violations pursuant to HSC § 39674. The penalty obtained for the TRU violations involved in this case is \$900 for two noncompliant TRUs operated by RTL or \$450.00 for each violation.

The penalty was discounted due to financial hardship and the efforts of RTL to attain compliance.

**The provision of law the penalty is being assessed under and why that provision is most appropriate for that violation.**

### PSIP Violations

The penalty provision being applied to the PSIP violations is HSC § 43016 because RTL failed to test, measure, record, and maintain records of smoke emissions from its fleet of heavy-duty diesel vehicles for the years 2012 and 2013 in violation of the PSIP regulation in 13 CCR § 2190 *et seq.*, for three vehicles. Since the PSIP regulation was adopted pursuant to authority granted in Part 5 of Division 26 of the HSC and since there is no specific penalty or fine provided for PSIP violations in Part 5, HSC § 43016 is the applicable penalty provision.

### Truck and Bus Violations

The penalty provision being applied for the Truck and Bus regulation (13 CCR § 2025) violations in this case is HSC § 39674 because the Truck and Bus regulation is an Airborne Toxic Control Measure adopted pursuant to authority contained in HSC §§ 39002 *et seq.*, 39650-39675 and because RTL failed to bring their diesel fleet into compliance by the deadlines set forth in 13 CCR § 2025(i).

### TRU Violations

The penalty provision being applied for the TRU ATCM (13 CCR § 2477) violations is HSC § 39674 because the TRU rule is an Air Toxic Control Measure adopted pursuant to authority contained in HSC §§ 39002 et seq., 39650-39675 and RTL as an owner of TRUs, failed to bring TRUs in its fleet into compliance by the deadlines set forth in the TRU ATCM.

**Is the penalty being assessed under a provision of law that prohibits the emission of pollution at a specified level, and, if so a quantification of excess emissions, if it is practicable to do so.**

### PSIP Violations

The PSIP provisions cited above do prohibit emissions above a specified opacity or level of g/hp-hr. However, since the hours of operation of the noncompliant units involved and their individual emission rates are not known, it is not practicable to quantify the excess emissions.

### Truck and Bus Violations

The provisions cited above do prohibit emissions above a specified level of g/hp-hr. However, since the hours of operation of the noncompliant trucks involved and their individual emission rates are not known, it is not practicable to quantify the excess emissions.

### TRU Violations

The provisions cited above for in-use performance standards do prohibit emissions above a specified level of g/hp-hr. However, since the hours of operation of the noncompliant units involved and their individual emission rates are not known, it is not practicable to quantify the excess emissions.

- (25) RTL acknowledges that ARB has complied with Senate Bill 1402 in prosecuting or settling this case. Specifically, ARB has considered all relevant facts, including those listed at HSC § 43024, has explained the manner in which the penalty amount was calculated, has identified the provision of law under which the penalty is being assessed and has considered and determined that this penalty is being assessed under a provision of law that prohibits the emission of pollutants at a specified level.
- (26) Penalties were determined based on the unique circumstances of this matter, considered together with the need to remove any economic benefit from

SETTLEMENT AGREEMENT AND RELEASE

ARB and RTL

Page 11 of 11

noncompliance, the goal of deterring future violations and obtaining swift compliance, the consideration of past penalties in similar cases, and the potential costs and risk associated with litigating these particular violations. Penalties in future cases might be smaller or larger on a per unit basis.

- (27) The penalty was based on confidential settlement communications between ARB and RTL that ARB does not retain in the ordinary course of business. The penalty is the product of an arms length negotiation between ARB and RTL and reflects ARB's assessment of the relative strength of its case against RTL, the desire to avoid the uncertainty, burden and expense of litigation, obtain swift compliance with the law and remove any unfair advantage that RTL may have secured from its actions.
- (28) Now therefore, in consideration of the payment on behalf of RTL to the Air Pollution Control Fund and the Peralta Colleges Foundation, ARB hereby releases RTL and their principals, officers, agents, predecessors and successors from any and all claims, ARB may have or have in the future based on the circumstances described in paragraphs (1) through (19) of the Recitals. The undersigned represent that they have the authority to enter into this Agreement.
