November 30, 2007

Dear Sir or Madam:

The staff of the Air Resources Board (ARB) will hold the sixth public meeting of the biodiesel/renewable diesel workgroup to discuss ARB's research related activities on these fuels.

Discussion topics will include, but are not limited to, the funding and scheduling of ARB biodiesel/renewable diesel research studies. These include an emissions characterization study, an oxide of nitrogen (NOx) mitigation study, and a multimedia assessment. A detailed description of the emission characterization study will be presented and discussed with a major focus on the test protocol which includes the vehicle and engine test matrix, test schedule, and a detailed description of unregulated emissions tests. Also, the meeting will include a discussion of NOx mitigation strategies that will be evaluated in this study. A draft agenda is enclosed. For more information regarding the biodiesel/renewable diesel workgroup, please visit the Alternative Diesel Program web page at <http://www.arb.ca.gov/fuels/diesel/altdiesel/altdiesel.htm>. This webpage contains the proposed work plan for the biodiesel/renewable diesel emissions characterization and NOx mitigation study including a summary of other activities.

The time and place of the public workgroup meeting are shown below:

Date: Wednesday, December 5, 2007
Time: 9:00 am to 2:00 pm
Location: California Environmental Protection Agency
1001 I Street, 5th Floor
Conference Room 550
Sacramento, California 95814

If you have a disability-related accommodation need, please go to <http://www.arb.ca.gov/html/ada/ada/htm> for assistance or contact the ADA Coordinator at (916) 323-4916. If you are a person who needs assistance in a language other than English, please go to <http://inside.arb.ca.gov/as/eeo/languageaccess.htm> or contact the Bilingual Coordinator at (916) 323-7053

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.

Draft Agenda

- I. Introductions
- II. Summary of previous workgroup discussions/conclusions
 - a. Fuels
 - b. Storage
 - c. Engine selection
 - d. Vehicle selection
 - e. Test matrix
- III. Test Protocol
 - a. On-road vehicle test matrix
 - b. Engine test matrix
 - c. Test schedule
 - d. Detailed description of unregulated emissions tests
 - e. Others
- IV. NOx mitigation
 - a. Follow up discussion on NOx mitigation strategies
- V. Presentation by others
- VI. Open discussion
