Dear Sir or Madam:

The staff of the California Air Resources Board (ARB) invites you to participate in a public workshop to discuss the proposed Low Carbon Fuel Standard (LCFS) regulation. At the workshop, ARB staff will be prepared to answer questions and to discuss the proposed LCFS regulation, the economic and environmental impact analyses, and other portions of the Staff Report.

Staff has posted the Staff Report and supporting documents on the LCFS website at <http://arb.ca.gov/fuels/lcfs/lcfs.htm>. After brief staff presentations, there will be an opportunity for questions, comments, and presentations by others. Since we are within the 45-day comment period, all written comments are considered part of the public record. Written comments may be submitted to: <http://www.arb.ca.gov/regact/2009/lcfs09/lcfs09.htm>. A tentative agenda is attached. A final agenda will be available prior to the workshop.

The workshop will be held at the following time and location:

DATE: Friday, March 27, 2009
TIME: 9:00 a.m. – 4:30 p.m.
LOCATION: Byron Sher Hearing Room
ADDRESS: Cal/EPA Headquarters Building
1001 "I" Street
Sacramento, California 95814

Directions to Cal/EPA Headquarters and public transit information can be found at the California Environmental Protection Agency's website at <http://www.calepa.ca.gov/epabldg/location.htm>.

If you have a disability-related accommodation need for this workshop, please go to <http://www.arb.ca.gov/html/ada/ada.htm> for assistance or contact the Reasonable Accommodation Coordinator at (916) 323-4916. If you are a person who needs assistance in a language other than English, please go to <http://www.arb.ca.gov/personnel/eoo/languageaccess.htm> or contact the Bilingual Services Manager at (916) 323-7053.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
