Dear Sir or Madam:

California Air Resources Board staff invites you to participate in the third meeting in an ongoing series of public working meetings to discuss Co-processing of biogenic feedstocks at conventional petroleum refineries. Topics include (1) pathway application and evaluation of the carbon intensity of renewable fractions, (2) quantifying and reporting the renewable fuel volumes, and (3) monitoring and verification under the Low Carbon Fuel Standard.

The next meeting will be held at the following time and location:

DATE: Friday, June 2, 2017
TIME: 9:00 A.M. – 12:00 P.M.
LOCATION: Sierra Hearing Room, 2nd Floor
ADDRESS: California Environmental Protection Agency
Headquarters Building
1001 "I" Street
Sacramento, California 95814

Today's notice is intended to confirm the date, time and location, and supply instructions on how to participate (in-person, over the phone, or webcast). This information along with an updated discussion paper and other materials for review will be posted at http://www.arb.ca.gov/fuels/lcfs/lcfs_meetings/lcfs_meetings.htm.

This meeting will be webcast. You may access the webcast at <https://video.calepa.ca.gov/>. During the webcast, we will accept feedback and questions sent via email to sierrarm@calepa.ca.gov.

If you choose to participate via webcast, you will be able to listen and view the presentations. Since you will not be able to participate using a microphone, you must use the call-in information provided in the meeting notice if you wish to make a comment or ask a question. You may also provide your questions to us via email if participating via webcast.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
