Dear Sir or Madam:

The California Air Resources Board (ARB/Board) staff invites you to attend the third meeting of the Low Carbon Fuel Standard (LCFS) Advisory Panel (Panel). On April 23, 2009, the Board approved the LCFS regulation. The regulation became effective as of April 15, 2010. Section 95489 of the regulation requires the Executive Officer to conduct two reviews of the LCFS program in a public process. The Executive Officer is required to convene a Panel with which he will consult on the reviews. The reviews will address a broad range of implementation topics and may include recommended amendments to the regulation. Staff will present the results of these reviews to the Board by January 1, 2012, and January 1, 2015.

During this two day meeting, we will discuss six of the topics suggested by panelists and required under section 95489 of the LCFS. The items of discussion at this meeting will be: environment (topics 9 & 10), economics (topic 12), credit markets (topic 15), technology (topic 4), and High Carbon-Intensity Crude Oil (HCICO) (topic 14). There will also be time allotted for public comments and open discussion.

The meeting will be held at the following times and locations:

TIME: 9:00 am – 4:00 pm; meeting to start promptly at 9:00 am
