Dear Sir or Madam:

The California Air Resources Board (ARB/Board) staff invites you to attend the fourth meeting of the Low Carbon Fuel Standard (LCFS) Expert Workgroup. The LCFS regulation was approved by the Board at its hearing on April 23, 2009. At that hearing, the Board adopted Resolution 09-31, directing staff to convene an expert workgroup to assist the Board in refining and improving the land use and indirect effects analysis of transportation fuels.

During this meeting of the workgroup, the Time Accounting, Indirect Effects of Other Fuels, and Comparative and Alternative Modeling Approaches subgroups will present interim reports on subgroup activities. Enclosed is a tentative agenda. Drafts of documents, as appropriate, will be available prior to the workshop at <http://www.arb.ca.gov/fuels/lcfs/workgroups/ewg/expertworkgroup.htm>.

The meeting will be held at the following time and location (please note the change in location from previous meetings):

DATE: Thursday, July 15, 2010
TIME: 8:30 a.m. to 5:00 p.m.
LOCATION: Hearing Room A, First Floor
ADDRESS: California Energy Commission
1516 Ninth Street
Sacramento, California 95814-5512

A map showing the location of the California Energy Commission building can be found at <http://www.energy.ca.gov/commission/directions.html#location>. Parking information is also given at this website.

Pursuant to the Bagley-Keene Open Meeting Act, several Expert Workgroup members will attend the meeting via teleconference from the locations as noted below, which are accessible to the public. However, the facilities at these locations may require advanced approval or have other procedures for public access. Therefore, if you wish to attend at one of these locations, you will need to contact the workgroup member at the location you are interested in to determine the specific public access procedures, if

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.
