**Arnold Schwarzenegger**  
Governor

August 31, 2010

Dear Sir or Madam:

The California Air Resources Board (ARB/Board) staff invites you to attend the sixth meeting of the Low Carbon Fuel Standard (LCFS) Expert Workgroup. The LCFS regulation was approved by the Board at its hearing on April 23, 2009. At that hearing, the Board adopted Resolution 09-31, directing staff to convene an expert workgroup to assist the Board in refining and improving the land use and indirect effects analysis of transportation fuels.

During this meeting of the workgroup, the Food Consumption subgroup will present an interim report on subgroup activities and both external reviewers and subgroups will present assessments of the latest land use change analysis prepared by researchers at Purdue University. Enclosed is a tentative agenda. Drafts of documents, as appropriate, will be available prior to the workshop at <http://www.arb.ca.gov/fuels/lcfs/workgroups/ewg/expertworkgroup.htm>.

The meeting will be held at the following time and location:

DATE: Friday, September 10, 2010  
TIME: 8:30 a.m. to 5:00 p.m.  
LOCATION: U.C. Davis Activities and Recreation Center  
Ballroom A  
ADDRESS: University of California – Davis Campus  
232 ARC One Shields Avenue  
Davis, California 95616

A map showing the location of the U.C. Davis Activities and Recreation Center building can be found at <http://facts.ucdavis.edu/map.lasso>. The nearest parking lots are, parking lot 25, and the west entry parking structure. The Activities and Recreation Center parking lot has day permits for six dollars, which can be purchased from machines in the lots (cash or credit cards accepted) and coin-metered spaces. For any further questions concerning parking, please contact the U.C. Davis Transportation and Parking Services at <http://taps.ucdavis.edu/>. Driving directions and parking information will be available prior to the meeting at <http://www.arb.ca.gov/fuels/lcfs/workgroups/ewg/expertworkgroup.htm>.

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.*

Pursuant to the Bagley-Keene Open Meeting Act, several Expert Workgroup members will attend the meeting via teleconference from the locations as noted below, which are accessible to the public. However, the facilities at these locations may require advance approval or have other procedures for public access. If you wish to attend at one of these locations, please contact the relevant workgroup member to determine any specific public access procedures for that location at least one business day before the meeting.

Macintosh®-based attendees

Required: Mac OS® X 10.4.11 (Tiger®) or newer

**Tentative Agenda**

- Review and approve minutes from last two meetings.
- Assessment of aspects of the Purdue modeling by external reviewers.
- Assessment of aspects of the Purdue modeling by subgroups of the Expert Workgroup.
- Interim report from Food Consumption subgroup.
- Scheduling future meetings.
- Brief updates from other subgroups (if time allows).
- Public comments (will be taken at various times during the meeting).

Note: The agenda items may be addressed in a different order.
