

Air Resources Board Southern California Consolidation Project

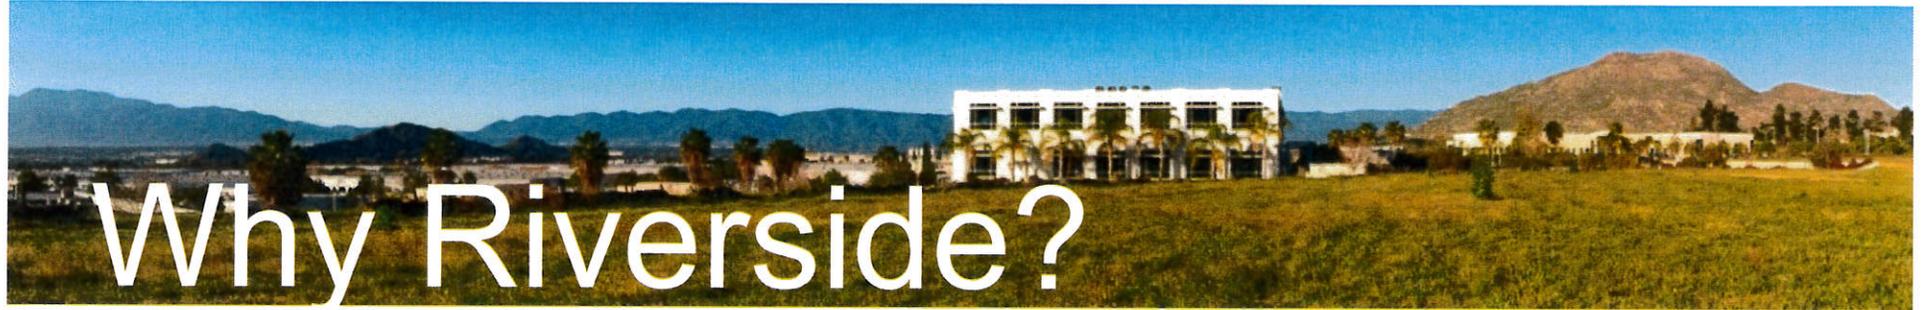

WATER | ENERGY | LIFE

PUBLIC UTILITIES

UNIVERSITY OF CALIFORNIA
UC RIVERSIDE | CE-CERT

Why Riverside?

- **Best Fit**

- **Least Cost**

- **Quickest Startup**

UC RIVERSIDE UNIVERSITY OF CALIFORNIA
CE-CERT

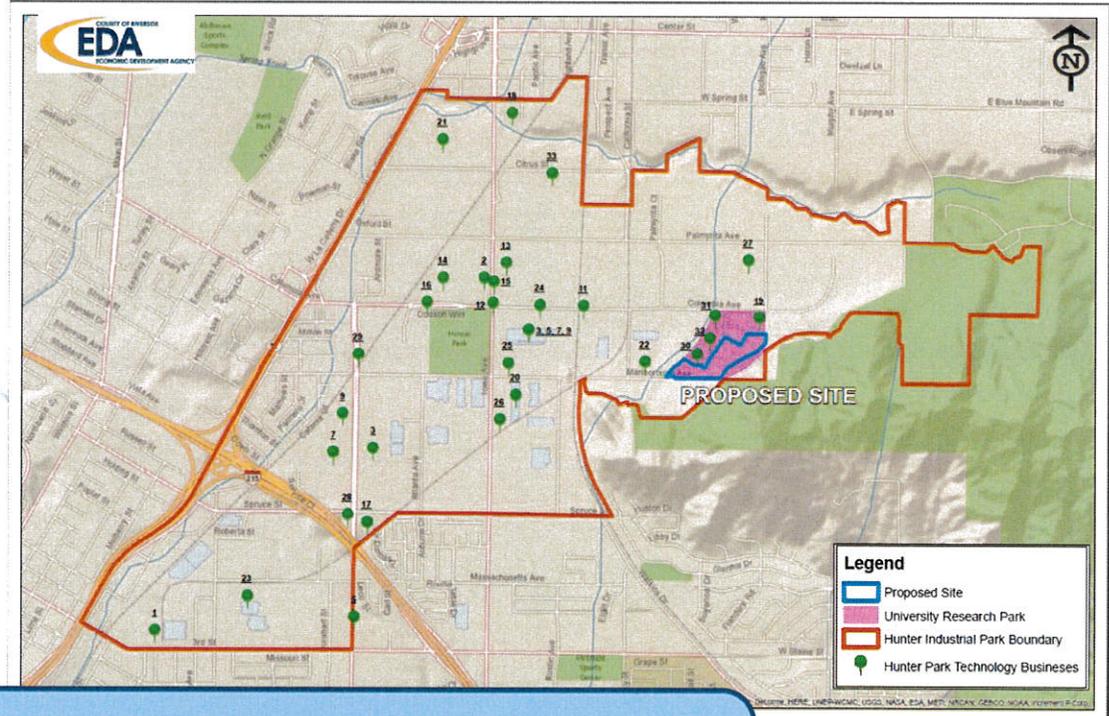

Best Fit—Co-location

- UCR/CE-CERT's unique world class research facilities
- Collaboration with eminent professors and researchers
- Future pipeline of highly skilled employees
- Access to best scientific information
- Laboratory/technology BMP zoning
- 14 +/- acres of shovel ready land
- Location at apex of 3 major freeways
- Economic development potential for ARB partners
- Historic city committed to green, sustainable living

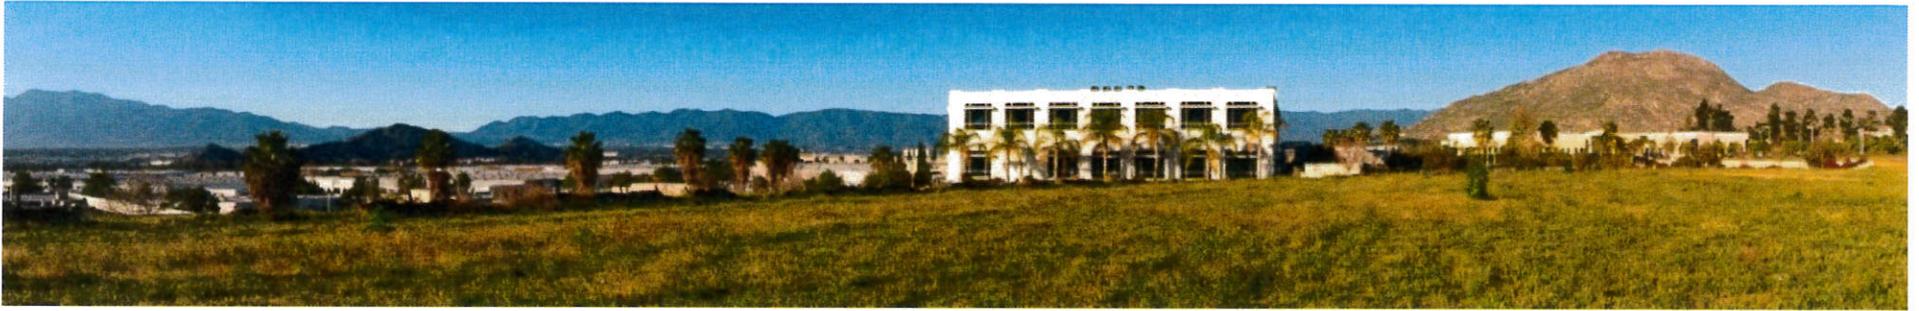

Best Fit--Nearby Tech Industries

- Ambryx Biotechnology
- K&N Engineering
- Carbon Solutions
- Luminex Software
- AMA Plastics
- Bourns Engineering
- Banks Power
- Transpower, Inc.

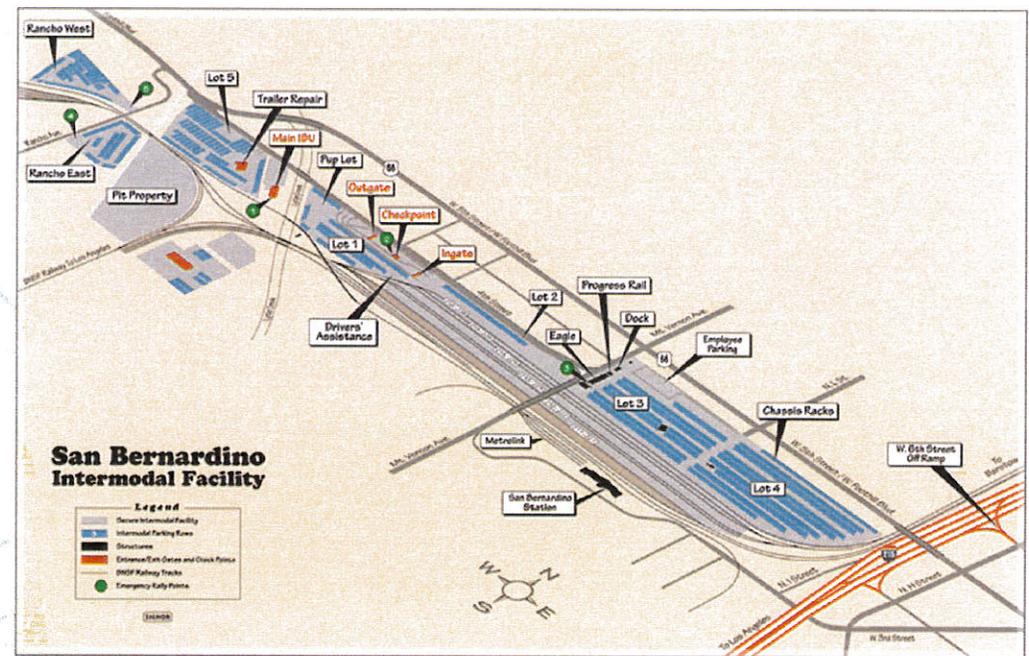

Fisker Automotive, 1st new automotive plant in California in 30 years!

Best Fit--Test Fields

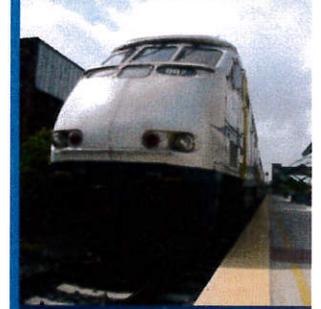

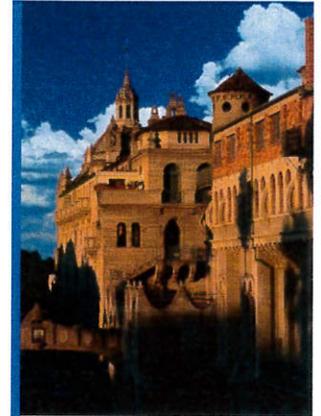

- Prime field testing for nonpoint source pollution
- BNSF San Bernardino Intermodal Facility
 - Distance from proposed site: 10.60 miles
- Union Pacific Colton Railroad Yard
 - Distance from proposed site: 7.36 miles
- Union Pacific Mira Loma Railroad Yard
 - Distance from proposed site: 13.30 miles

Least Cost

- Suitable clean land provided for non-monetary consideration
- Conservative savings estimates:
 - \$25 million in capital outlay savings through joint use of existing laboratory space and equipment
 - \$275,000 in annual electric costs
- \$610,000 total incentive package from RPU
- Completed turn-key facilities at least 21% less expensive
- 17% lower cost of living and 20% lower cost of housing regionally
- Attractive new housing developments within 1.5 miles of the proposed site.

Quickest Startup

- Ability to have an ARB advanced team housed on site within 1 year
- If built by County, facility completion at least 1 year sooner than indicated in the State Budget Proposal
- County option to provide turn-key facilities
- County project team has extensive experience in LEED Platinum construction
- Commuter friendly options: Hunter Park Metrolink station nearby, designated bike paths, bus stop on site
- County will install 45 EV Charging Stations across Riverside County through CEC Grant
