Subject: Commercial Lawnmower Exchange
Comment:

Consider the number of industrial or commercial capacity lawn mowers that burn gasoline.

Consider that our client has a CARB Executive Order for a compressed natural gas alternative commercial lawnmower and is in the development stage for even more efficient prototypes.

Consider funding to assist this development.

Consider the overall impact of a Commercial/Municipal mower exchange program supplanting Gasoline with homeland CNG while the long battle for ZE mowers is being waged.
