Subject: Cap-and-Trade Auction Funds/Ship Speed Reduction Program

Comment:

California Coastal Commission letter of support for the Santa Barbara Air Quality Management District proposal to implement a Vessel Speed Reduction Incentive Program along the California coast, using funds generated from Cap-and-Trade auction credits. Existing programs already in place in the ports of Long Beach and Los Angeles have proven effective in reducing both greenhouse gas emissions (GHGs) as well as the potential for whale strikes. - See letter dated 4/18/13 to Mary Nichols, ARB attached.
