Subject: AB617 Bell Gardens

Comment:

Good afternoon, I wanted to express my concern in that AB617 round 2 only includes a portion of Bell Gardens. As a Bell Gardens resident and organizer at East Yard Communities for environmental justice, I want to urge you to ensure the entire city is considered. In the 1st round of AB617, EYCEJ attempted to broaden the scope of city boundaries, and AQMD was very difficult to work with to do so, so it is imperative to add the entire city of Bell Gardens from the outset.

Comment:

Dear Chair Nichols,

Environmental Justice 58 asks for a "yes" vote for Stockton to become a recipient for the Community Air Protection Program of 2019.

As you are likely aware, Stockton has worked hard to be innovating and progressive. Part of that action has been to pursue opportunities such as the Transformative Climate Communities grant. Stockton has made a lot of progress, and has been preparing to be a recipient since the previous year, when it was a close contender to be chosen. Stockton has the support of the city, communities, community-based organizations, and public agencies.

Please select Stockton for 2019!

Thank you.

Sincerely,

Yolanda Park, Director

Environmental Justice 58
