Subject: CARB staff and board false statements and information to U.S EPA

Comment:

For the past several years, I have been pointing out to CARB staff, EPA staff and Chairwoman Nichols false and misleading statements and actions of various state agencies, including CARB and CalTrans, concerning state emission reduction programs. Chairwoman Nichols has received 2 emails from me on this issue. To be brief, It's not possible for the state, and Chairwoman Nichols, to truthfully claim to any federal court of law that the state is acting in good faith in ANY of its lawsuits against EPA and NHTSA, when the state intentionally falsifies documents submitted to EPA, NHTSA and federal courts and intentionally ignores and violates its own emission reduction rules and programs.

If Chairwoman Nichols or staff wish to contact me so I can RESUBMIT the information and documents outlining the above facts, they have my email address.
