Subject: Honda comments on CARB Proposed Amendments to OBD II Regulation Section 1968.2

Comment:

American Honda Motor Co., Inc. appreciates the opportunity to provide our comments to the California Air Resources Board's proposed revisions to On-Board Diagnostic (OBD) System Requirements and Associated Enforcement Provisions for Passenger Cars, Light-Duty Trucks, Medium-Duty Vehicles and Engines, and Heavy-Duty Engines. Honda thanks CARB for your continued work to improve the OBD regulations.

Please see the attached letter.

Subject: 2nd hand smoke

Comment:

Orange County has to make laws to ban smoking in units with shared walls. Everybody knows nicotine and other smoked or vaped substances are damaging to one's health, especially second hand smoke.

I, for example, have neighbors that live next door to me in a townhome community. These neighbors smoke during the night when most people are sleeping. When a smoker smokes their tendency is to exhale most of their smoke out onto others. In my case, the neighbors exhale their smoke and their pungent smelling breath.

I strongly urge that laws be put in place immediately to ban smokers from smoking in shared wall units.

I also strongly urge that realtors disclose when there are smokers in close proximity to the property they're trying to sell.

I've never smoked in my life and do not want to get cancer because other people want to exhale their smoke and pungent breath towards me while i'm sleeping.

Additionally, smoking has a negative effect on some people. For example, the second hand smoke can make somebody angry.

Something has to be done now.
