Subject: California Jobs and Environment Policy: HVIP
Comment:

Dear Members of the Board,

Please see the attached letter from community, environmental, and labor groups advocating for the California Jobs and Environment Policy, which would work within HVIP to improve job and environmental quality in the manufacturing of eligible vehicles.

Thank you,
Emily Gartenberg
California Policy Manager
Jobs to Move America

Subject: Air Quality Monitoring in Sacramento's Disadvantaged Neighborhoods

Comment:

As the CA Air Resources Board has already allocated & spent taxpayer dollars in more advantaged Sacramento neighborhoods, I write to ask the Board to consider funding actions that will benefit the health of children and adults residing in neighborhoods with fewer air quality monitor stations, and take appropriate steps to improve regulations for these residents.

The American Lung Association reports there is a higher incidence of asthma in Sacramento's disadvantaged neighborhoods. This cannot continue to be unaddressed by this and other regulatory bodies. Sacramentans including the Sacramento Environmental Justice Coalition expect no less.

Mary D. Acosta, R.N.
