

**Form Letter 1 for Comment 8 for Proposed ACT Pooling Amendments
(2025actpooling) - 45 Day.**

First Name: Henry

Last Name: Arlo

Email Address: toolsindeed@gmail.com

Affiliation:

Subject: Strengthen ACT and accelerate clean class 8 trucks

Comment:

As a lifelong resident of Redlands, CA it has become all too apparent that diesel semis are a massive source of air pollution in our valley. Anything the state and truckers can do to accelerate the conversion to electric semis is imperative. The time to act is NOW. Asthma rates and respiratory illnesses due to air pollution in the Inland Empire have reached epidemic proportions, our children and elderly cannot wait.
