

Form Letter 1 for Comment 250 for Amendments to the Small Off-Road Engine Regulations: Transition to Zero Emissions (sore2021) - 45 Day.

First Name: Paula

Last Name: Kerrebijn

Email Address: pkerreb@yahoo.com

Affiliation:

Subject: Ban gas-powered leaf blowers and lawn mowers

Comment:

The use of gas-powered leaf blowers and lawn mowers can cause numerous health problems and contributes to poor air quality. California consistently fails to meet national air quality standards, which means millions of Californians breathe unhealthy air everyday.

California's communities and environment deserve better. To ensure that all communities have breathable air in the state, CARB must require 100% of the SORES sold in California to be zero emission.
