Subject: Advance Payment
Comment:

Dear CARB,

We wholly support the idea of advance payment. We are a non-profit offering free medical care for children with asthma. One school visit, one time costs about \$3000. We hire expert MDs, NPs, RNs, RT, and others to give excellent care. In the Bay Area this is very expensive, even though we don't get close to market rate. Having financing ahead of time would allow us to get and keep good practitioners.
Thanks,
Mary

Subject: Proposed Amendments to CARB's Advance Payment Regulation

Comment:

Referring to Statute Section 39603.1, no where in the statute is there a requirement that this advanced payment be limited to air or other special districts.

CCAC recommends this rule be amended to include

The definition of "other entities" be added to the definitions list, and include 501c.3 Non-Profits and other qualified business entities.

These other entities would be added into the areas now only defined as relevant to "large or small districts," or otherwise specified in a separate paragraph.
