Subject: Blue Source Comments on Draft Guidance for 2015 Forest Protocol  
Comment:

Blue Source wishes to thank ARB staff for their consistent efforts to elucidate and improve upon the Compliance Offset Protocol for U.S. Forest Offset Projects. Blue Source appreciates the time and effort ARB has dedicated to developing the recently released Draft Guidance for forest projects and looks forward to attending the September 16th webinar.

Communication between ARB and forest project proponents is essential to the continued success of forest carbon offset projects and, as the largest contributor of forest carbon offsets to the California cap and trade program, Blue Source is committed to playing an active and supportive role in the refinement of the forest protocol.

Subject: CBD comments on Draft Guidance

Comment:

Comments submitted on behalf of the Center for Biological Diversity regarding the draft guidance for the Compliance Offset Protocol for U.S. Forest Projects ("Forest Protocol") of the greenhouse gas cap-and-trade program.

Our comments here focus on those sections of the guidance with implications for the conservation of forest ecosystems and wildlife habitat.
