Health Impacts in the Bay Area

- Total Bay Area Population - 7 Million People
- Population Living in Goods Movement Corridors is 22% of the total for California
- 20% of the Total Particulate Matter (PM) from Goods Movement Statewide
- Diesel PM Accounts for about 80% of the Cancer Risk from Airborne Toxics

Recommendation to Increase Funding

- Funding Should be Commensurate with Diesel Particulate Health Risk
- Funding Allocation Should not be Lower than ARB Staff's Proposal
