I am opposed to any new bills that would alter the SMOG LAWS for PRE-1975 vehicles. I own a 1969 collector car that I take out on the road to car shows ONLY. I've owned it for over 30 years. It is a licensed CA. Historical vehicle. Collector cars on the hole are driven very little and are owned by citizens of all ages. Please help us preserve our car hobby by preserving the existing PRE-1975 SMOG LAWS.

Respectfully

(562) 889-3158
