## POWAY UNIFIED SCHOOL DISTRICT

June 1, 2015

The Honorable Mary D. Nichols  
Chair, California Air Resources Board  
1001 I Street  
Sacramento, CA 95814  
(916) 322-5848

### **RE: Funding Identified for Incentives for School Bus Replacement in Rural School Districts – SUPPORT**

Poway Unified School District is proud to support funding for rural disadvantaged school bus replacement, which would reduce exhaust generated by dirty, old buses. The exhaust from these buses negatively impacts the environment and students exposed to these fumes every day.

Small, disadvantaged school districts face many challenges. This funding increases the opportunity for these districts to join the state in leading the nation to reduce greenhouse gas emissions and protect students from dirty air.

We are in support of the \$5 million identified to replace buses currently exposing disadvantage students to dirty school transportation while lowering emissions to protect the environment.

Sincerely,

Timothy W. Purvis  
Director of Transportation
