Dear Members - California Air Resources Board: I urge to please adopted the Innovative Clean Transit Rule. Help protect and improve California's air quality. Thank You. Sincerely, Doug Ruth.

PS: I urge you to please work with all your contacts and use all your influence, across the United States, to help Impeach Trump. Trump and his Administration are a very serious and ongoing worldwide threat to our environment. Beyond the environment, he is a threat to the Rule of Law, civil rights, free speech, freedom of the press, national security, The Constitution, our democracy, and the future of America. He is a global embarrassment and danger. Trump must go!
