RE: Caltech Comments Regarding 15 Day Discussion Draft

Bill,

On behalf of Caltech, I'd like to thank you and the CARB staff for recognizing the leadership of California public and private universities on climate action. The proposed language provides an allowance allocation to our campuses in a manner that is fair and consistent with industry participants. We appreciate your continued effort to address this issue and look forward to the adoption of the proposed language.

Caltech remains committed to energy efficiency and reducing our carbon footprint and will continue to be an active participant as this proposal makes its way through the rule making process.

Thank you,

A handwritten signature in black ink, appearing to read 'JOHN O', written over a white background.

John Onderdonk
