**RE: Toyota Motor North America Support for Proposed FY17-18 Funding Plan**

Dear Chair Nichols and Members of the Board;

Toyota Motor North America would like to voice our support of the Clean Vehicle Rebate Project (CVRP) provisions outlined in the FY2017-2018 Proposed Funding Plan. Most notably, we support:

- Allocation of \$140M for standard CVRP plus up to \$25M for low-income applicants
- No changes to the FCV rebate amount or income eligibility guidelines from the previous Funding Plan
- Evaluation of ideas to move rebates closer to point-of-sale

Additionally, we support the Air Resources Board's consideration of the 3-year projected demand for CVRP and hope that a long-term funding plan can be developed, as implied in the Proposed Scoping Plan Update.

Sincerely,

Tom Stricker  
Vice President
