Office of Petroleum and Natural Gas Administration & Safety

**SUBJECT: AB617 – CITY OF LOS ANGELES COMMENTS ON DRAFT
COMMUNITY AIR PROTECTION BLUEPRINT DOCUMENT**

Dear California Air Resource Board Clerk of the Board,

Thank you for the opportunity to review and comment on the Draft Community Air Protection Blueprint. The City of Los Angeles is a key stakeholder in the region and we have the following comments:

- 1) Cities should be added as members of the Community Steering Committees;
- 2) There should be maximum synchronize with SNAPS data as much as possible;
- 3) There should be a clearly defined local Air Monitoring Roles for cities in leak detection, repair, and prevention protocols;
- 4) There should be multiple city contacts included in the Community Notification, i.e. Public Information Officers (PIOs), Departments, Public Safety Commanders, & Elected Officials.

If you have any questions, please contact me at (213) 978-1697 or at Uduak.Ntuk@lacity.org.

Sincerely,

Uduak-Joe Ntuk
Petroleum Administrator
