Hello,

I support a strong Advanced Clean Truck (ACT) rule that requires that by 2030, at least 30% (preferably more) of the new trucks on California's roads are all-electric, zero-emission vehicles.

As a student, I believe that my generation and all of our future generations deserve a future that is safe, clean and sustainable. These are our human rights. We need change like this to help build that future.

Thank you,

Sophia Wang
