CHAIR PRO-TEM

October 16, 2018

The Honorable Mary Nichols
Chairwoman, California Air Resources Board
c/o Mr. Mark Williams, Mailstop 3E
P.O. Box 2815
Sacramento, California 95812

Dear Chairwoman Nichols,

I want to take a moment to convey my support for Electrify America's Phase 2 proposal and encourage its timely review by CARB.

The Cycle 2 Plan is strategic and builds on the progress we're already making here in LA County. If approved, this plan will build a network of fast charging stations, educate the public on the benefits of electric vehicles, and empower low-income communities to harness the power of zero emission vehicles.

In short, Electrify America's ambitious plan is exactly what we need to improve air quality, create local jobs, and move towards a more sustainable future here in LA County.

Sincerely,

JANICE HAHN
