City of Santa Rosa Letter of Support for Electrify America's Cycle 2 Proposed Investment

CHRIS COURSEY
Mayor

Dear Chair Nichols:

CHRIS ROGERS
Vice Mayor

As Mayor of the City of Santa Rosa, I write in support of Electrify America's proposed Cycle 2 ZEV Investment Plan. We are thrilled that Electrify America is prepared to work with Santa Rosa as a leader in expanding the use of electric vehicles.

JULIE COMBS
ERNESTO OLIVARES
JOHN SAWYER
TOM SCHWEDHELM
JACK TIBBETTS

In 2017 Santa Rosa lead the state with the largest increase in EV sales, largely due to the success of Sonoma Clean Power's (SCP) Drive EV incentive program which is currently in its final round. This proposed new investment will go far in advancing this critical transition away from fossil fueled vehicles and will support Santa Rosa in continuing to play a key role in expanding EV infrastructure throughout the Bay Area region.

We look forward to working with Electrify America to continue to support our community in making the shift to clean, electric vehicles and urge CARB board members to approve Electrify America's Cycle 2 ZEV Investment Plan.

Thank you for your consideration!

Best,

CHRIS COURSEY
Mayor
