## ARB Public Hearing

### Public Hearing to Consider Proposed Amendments to the California Consumer Products Regulations

November 17, 2006

SCAQMD Staff  
Comments

## Categories of Concern

- Automotive Brake Cleaners
- Carburetor or Fuel-Injection Air Intake Cleaners
- General Purpose Degreasers (Aerosol)
- Construction, Panel and Floor Covering Adhesives

## Low-VOC Automotive Aerosol Cleaners

- Compliant products available at 10% VOC content
- Tested in facilities
- Cost-effective

## Suppliers of Ultra Low-VOC Cleaning Aerosol Spray Cans

- CRC Industries
- Cyclo Industries
- Berryman Products
- Ford Motor Craft
- Granitize Products Company
- Mark V Products
- MOC Products Company

## Compliant Materials Already Available

- Achieved in practice in SCAQMD
- Rule 1171 – Solvent Cleaning Operations requires use of ultra-low VOC (<25 g/l) aerosol automotive cleaners for large users
- Dealerships and very large auto repair shops have been using for more than 5 years

## Construction, Panel and Floor Covering Adhesive

- Proposed limits similar to requirements in SCAQMD Rule 1168 – Adhesive and Sealant Applications
- Industrial and commercial users with same applications have been meeting proposed limits for 2 years.
