Dear Chairman Arnold Gutman

This letter is to request an exemption from the Phase II Vapor recovery upgrade requirement due Apr. 1, 2009.

We feel that because we are in such a rural area, with very few service stations, and our gallonage sold is around 100,000 gallons per year, we are not a hazard to air quality.

This upgrade will definitely work, a hardship on us financially causing us to close our pumps. This would create a hardship then on our small

Community, as well as our local Volunteer fire department who are dependent on us for fuel. The closest other station is 6 miles away, a long way in event of fire.

We would appreciate any help you might give us in this matter.

Sincerely yours,

Richard Wiggins
