

## Low-Use Exemption

Any equipment operated  
200 hours or less per year  
is permanently exempt  
from all clean-up requirements.

## Low-Use Equipment Could Operate Nearly 1/2 the Year

Equipment types representing 40% of statewide horsepower	Average Annual Activity
Crawler Tractors	409
Excavators	546
Scrapers	453
Tractors/Loaders/Backhoes	512
<b>Average Annual Hours</b>	<b>480</b>

200 hours is equivalent to 40% of the average annual use

High polluting  
equipment could receive  
turnover credit,  
*but continue to operate  
indefinitely.*

## Closing the Low-Use Loophole

- Allow 10% of fleets to be low-use
- Sunset the low-use exemption for pre-2002 (Tier 0 and Tier 1) equipment
- Eliminate turnover credit for low-use
