

**BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES**

856 KENNETH HAHN HALL OF ADMINISTRATION / LOS ANGELES, CALIFORNIA 90012 / (213) 974-4111

GLORIA MOLINA
SUPERVISOR, FIRST DISTRICT
CHAIR OF THE BOARD

June 22, 2010

Ms. Mary Nichols, Chairwoman
California Air Resources Board (CARB)
1001 I Street
Sacramento, California 95813

Dear Chairwoman Nichols:

I am pleased to express my support for CARB's efforts to implement SB 375, which will aid in developing more sustainable communities and reduce greenhouse gas emissions.

If efforts succeed to roll back AB 32 and, by extension, SB 375, the communities within the County's First Supervisorial District, which I represent, will be negatively impacted. My office is working closely with SCAG and Metro to develop an effective regional blueprint, which will support more focused growth and enhanced transit connectivity. It is critical that SB 375 is implemented—it will reduce a range of cost burdens such as energy, water, and infrastructure servicing. We must do everything possible to attract more sustainable development, which leads to increased revenues and the stabilization of long-term government services and financing.

As a County Supervisor, I have consistently advocated for sustainable communities to ensure that residents have a variety of transportation choices. California must be a global leader in reducing emissions, and I strongly support the implementation of SB 375.

Sincerely,

A handwritten signature in cursive script, appearing to read "Gloria Molina".

GLORIA MOLINA
Chair of the Board
Supervisor, First District
