Submitting Comments Today (see attached)

ALL INDIVIDUAL SPEAKERS AND ORGANIZED PRESENTATIONS TO THE AIR RESOURCES BOARD ARE SUBJECT TO TIME LIMITS IMPOSED AT THE DISCRETION OF THE CHAIR.

Persons desiring to address the Air Resources Board must complete and deliver a speaker slip to the Clerk of the Board **prior** to the commencement of the item.

(The Chair will call you to the podium to speak at the appropriate time.)

I am not familiar
with all the details
of the proposal, but
PLEASE adopt
the most stringent
air quality regulations
possible. The smog
in our city is
~~distressing~~ frightening. The
idea of ~~putting~~ economic
concerns ahead of
health & quality of
life is short sighted &
unfairly impacts those
in the poorest & most
urban areas of this city.
Please help.
