

CO-10-2

Mary Nichols

Sept 28

The people have voted again
and again for cleaner air.
The choice can not be unclear surely.

Please listen to the people rather
than the money changers. We need
the people in power like yourself to
stand strong and tall with the voice
of the people here on the ground
trying to keep breathing.

Please vote for health rather
than wealth of those who will
benefit financially.

Janis Wynn
