Subject: In-Use Heavy Duty Diesel Vehicle Rule

Dear Chairman Nichols,

My name is Ricky Tran, I am a student at Oakland High School. I think that we should really enforce a strong truck rule because of the pollution that they emit. One of my friends lived right under the freeway where trucks constantly drove by. He said he has cancer, and the pollution makes it hard for him to be at home. Imagine the thousands of people living close to truck routes. They have to deal with similar problems. If trucks didn't emit so much pollution, people would be healthier. That is why I think that we need a strong truck rule.

Sincerely,

Ricky Tran
