

12/10/08

My name is Bria Landrum, I'm 16 yrs. old and I attend Fremont high on Foothill Blvd. I live between to dose trucking routes and I've been living there for almost 4 yrs. My younger brother and I both have asthma and its not ~~het~~ healthy for our lungs. I also have a niece who is almost 2 months, and I really dont want her to grow up w/ unhealthy lungs. w/ the filters on trucks my family will be a lot healthier and will be at less of a risk of deveioping bad lungs.
